GUARANTEED CURE
LEUCODERMA & LEPROSY
Leucoderma or White Skin does not easily change colour and the so-called unscientific pills and oils only aggravate. But Behar Chemical Works proudly declare that to-day they are able to place before the public Scientific remedies after laborious provings and tremendous expenses—remedies that are non-irritant, non—mercurial, i, e, totally harmless drugs producing no reaction. These remove rapidly the white patches by supplying natural pigments and expelling all impurities from the blood. Whatever the nature of the disease, hereditary, venereal poison or any other known and unknown source of infection, chronic or acute cases all skin eruptions due to deficiency of colouring matter or mercurial poisoning scurfs etc.—all cases are cured by our specifics both internal and external uses at Rs. 10 per set, Postage 8 as. Writes Mr. B. Sinha from Port Blair:—The medicines for the white patches were used on my son and the patient got too much benefit from its effects and ultimately cured—a wonderful thing for the Leucoderma in the world which you are selling at such a cheap rate for the public. If it was sold at Rs. 50 instead of at Rs. 10 it would have been very cheap. Mr. Sayed Sahabuddin, Collector's office, Anantapur, Madras, writes—I went to the Medical officer again on 7-7-21 and he examined me. He told that the medicine is giving effect and he advised me to continue the same medicine for two months more, so I request you to send me the medicine at least for 60 days per return of post.
Leprosy—whether Tubercular, Nodular Lepra Maculo Anæsthetica or Smooth Leprosy mixed or para Leprosy—all the known varieties are promptly checked, and cured by our Scientific remedies including internal medicines and external drugs (application fumigation and bath) which cost Rs. 15. per full set. Detailed information in Literature sent free to all.

ELIXIR GODINEAU

THE WORLD'S GREATEST TONIC.
ensational Review by the Press in France.

LE TEMPS.

The ELIXIR GODINEAU is now, constantly talked off by the press, it is the constant subject of their articles and the talk of town and country: it is a first class strengthening and restoring tonic of miraculous power.

L'AUTORITE.

The marvellous properties of the ELIXIR GODINEAU having been duly proved by various experiments, this powerful specific is now universally recommended as the best remedy against anaemia, tuberculosis and all cases of exhaustion of the organic system in general.

LE FIGARO.

To make gold, and find out the secret of ever lasting youth; such were the two problems which alchemists had tried to solve. The progress of science has shown the uselessness of the first, but it familitated on the other hand, the working out of the second.

Following out the eminent professor's theories a Paris Chemist of high standing with the assistance of eminent practitioners has prepared the Elixir bearing his name the ELIXIR GODINEAU the effects of which are surprising.

LE MOT D'ORDRE.

Several truly marvellous cures effected by the ELIXIR GODINEAU and which have been echoed far and wide, have given this specific universal popularity. Henceforth anaemia, rachitis, paralysis, senils degeneration will cease to exist. The ELIXIR GODINEAU rapidly, suppressed all these affections produced by partial at general exhaustion of the organic system.

L'EVENMENT.

The fairy tale of the fountain of youth is now a true and real fact; old age still scatters a few wrinkles on the face, a few snowy flakes in the hair, but it can no longer chill the hearts of men to whom the high mettled spiritness of a youth of twenty years of age, is restored by the ELIXIR GODINEAU, one of the valuable conquests of modern science.

L'ECHO DE PARIS.

The great success of ELIXIR GODINEAU increases from day to-day, and is fully justified. This powerful specific restores health and vigour every day to numberless invalids whose cure was despaired of. All weakened or debilated organic systems are speedily strengthened after treatment with the ELIXIR GODINEAU, the effect of which is as sure as it rapid. Sole Agents for India, Burma and Ceylon.

"Dollars and the Woman"
He was a self-centered, impassioned, spendthrift—blessed with a wife who knew the value of Thrift. Fate, however was not very propitious with the pair—and their happy home gradually drifted into insolvency. To save her husband—aye, to push him onward—the girl risked the consequences of borrowing money from an old sweetheart.
"Dollars and the Woman"
The results were disastrous—at least they threatened to turn out so. The husband doubted the fidelity of the self-sacrificing plucky little woman. But—thanks to goodness things squared themselves all well in the end.

PIECE-GOODS

Nothing fresh has transpired in the Cloth Market during the past week. The absence of wholesale demand, in spite of the approach of the *Devali*, has been causing some anxiety to the merchants, who are anxious to get rid of their heavy stocks. Buyers have not been in the mood to purchase foreign cloths at the moment, the sentiment being in favour of local mill cloths, which are finding a ready sale. Rupee rates of manchester cloths have been nominally steady in sympathy with the higher quotations received from shippers, but needy sellers are always to be found, who are willing to give concessions in prices in order to effect sales. Financial stringency has been prompting buyers to dispose on their goods, and the fear that fresh shipments of competitors at the favourable rate of exchange would put them to a disadvantage, increases their anxiety to clear off their stocks. In spite of the efforts of the brokers, transactions have been very few, and the unsettled state of affairs have not encouraged business. The uncertainty as to the future course of events has been a handicap to trade.

Reports of the Manchester market state that prices of cloths are steady and there is considerable inquiry but business is patchy. The high prices are themselves a check to forward business, apart from the boycott of foreign goods. Shippers have not been in the mood to make speculative purchases and business is therefore at a standstill. The Importing firms here are anxious to see their holdings cleared by merchants, rather than book fresh orders.

HOME MARKETS

Advices from Home markets are rather bearish, and the market has further declined. Our Home people say that the market is getting into a sounder position after this recent good decline and recommend purchases at this level. The following are the changes in the Home markekts as quoted and compqared with last week. Week commencing from 5th October to 11th October, 1921.

Liverpool spot 1921—14.99—13.71—128.
New York spot 1921—20.10—19.85—25.
Liverpool Jany., 1922—13.55—12.86—59.
Liverpool, Oct. 1921—14.08—13.44—64.
New York, Jany., 1922—1920—19.08—12.
New York, March, 1922—1903—18.90—13.

LOCAL MARKET.

In spite of bearish news from Home markets, our market is kept very steady and we expect a strong perpendicular decline gradually as the rates locally are extremely higher when compared with the Home markets. Fully good Broach, April-May, 1922 opened in the Bazar at Rs. 588 on the 7th dropped to Rs. 577 on the 8th, again advanced to Rs. 605 on the 10th and declined again to Rs. 583 yesterday evening at Colaba.

Fine Oomra for December-January, 1922 opened in the bazaar at Rs. 501 on the 7th declined to Rs. 492 on the 8th and again advanced to Rs. 540 on the 10th and declined to Rs. 524 yesterday evening at Colaba.

READY MARKET.

Our market for ready cotton was quiet but steady during the week. There was a moderate demand for nice Oomras stapled cotton, and about bales 8,000 are reported to have changed hands during the week. We would still advise our friends to sell out their stock of ready cotton, as it will be neglected when new crop cotton arrives in the market.

GLOBE CINEMA.

At the Globe Cinema Messrs. K. D. and Brothers are screening an interesting American Society Drama "Might and the Man" with Elmo Lincoln and Carmel Myers in the principal roles. Elmo is the hot favourite with the Cinema-going classes, and his reappearance at this Picture-House is expected to herald a busy week for the Globe Theatre management.

ALEXANDRA CINEMA.

The Alexandra, has this week another screen "The Brute Breaker." It is a powerful drama depicting the sympathetic feature of a strong man taking the part of a cripple against a bully who made his life miserable and the final regeneration of the cripple through scientific treatment. Perfect photography, spectacular fight scenes and sensational running of wild rapids in a frail cause enhances its beauty.

WEST-END CINEMA.

Messrs. K. D. and Brothers are putting up at their West End Cinema, this week, their Semi-final Picture of their "Biggest Seven" Series. It is entitled "Dollars and the Woman," a delightful modern love story with the usual Vitagraph imprint all over. Alice Joyce here plays the economical hussy of a spend thrift fellow and she does indeed play the role to perfection. The theme is a popular one, a women's fidelity tested on the key-tone of—Want! The photography is beautiful and the rendering of different parts are delightfully superb as usual.

BOMBAY WOMEN AND SWADESHI.

Under the auspices of the Gujarati Hindu Stree Mandal, a ladies' meeting was held in the Arya Samaj Hall, Bombay, to consider the question of "Ladies' part in the present Swadeshi movement," with Miss Perin Naoroji in the chair. The meeting was addressed by Pandit Kaushik, Mr. Yakub Hasan, and Moulana Azad Sobhani. Pandit Kaushik said that the success of our national movements depended on the part played by the ladies. He reminded them of the glorious sacrifices made by Indian ladies in olden times in Rajputana and elsewhere. Mr. Yakub Hasan described the part played by the Egyptian women in winning their national activities.

POSTAL NOTICES.

With effect from the 17th October, 1921, the Reay Road Post Office will be converted into a Combined Post and Telegraph Office. Telegrams will be accepted for booking between 10-30 a.m. and 1-30 p.m. and 2 p.m. and 5-30 p.m. on week days only. The office will remain entirely closed for booking on Sundays, as well as Post and Telegraph holidays.

Mails for Seychelles, Lamu, Mombasa, Ibo, Chindi, Dar-es-Salaam, Zanzibar, Tanga, Quilmane, Mozambique, Beira and L. Marquis, with correspondence for Natal, Cape Colony and other places in South Africa per S.S. "Taroba" will be closed at the General Post Office at 9 a.m. on Wednesday the 19th instant.

MAJESTIC CINEMA.

To show how suspense is sustained in "The Branded Four," a new mystery serial showing each week at the Majestic Cinema, it is not until the tenth episode that the audience knows who is the fourth of the girls branded by the old physician in the first chapter.

One by one the other girls turn up and become involved in the great mystery. All along the first part, the question of who and where the missing girl is, revolves through the mind of the audience. And then just when it seems as though the young woman did not exist, she bobs up in an unexpected manner and place, and takes part in the stirring adventures.

The mystery and suspense surrounding this Serial is said to be the most intense ever put on the screen.

BARODA CRICKET TOURNAMENT.

The above Tournament which was open only to the clubs in Baroda for which a Cup was presented by Mr. and Mrs. C. E. Randle commenced on the 10th September last. This being the first year of the Tournament there were only seven entries. The finals were played on the 8th and 9th instant when the Boy Scouts' Cricket Club met the Bank of Baroda eleven when the latter won quite easily. Mr. M. R. Dhond of the Bank eleven played a very good game and scored 111 runs before he retired. Mr. A. G. Khanvilkar of the Boys' Scouts also played well for his 74 in the second Innings.

After the game Mr. L. M. Crump Resident, Baroda, at the request of His Excellency the Dewan Saheb presented the Cup to the winners. Messrs. J. Ida and Co., of Baroda offered one bat for each team in the finals for the best bowling and best batting performances which were won by Messrs. Dhond and Khanvilkar respectively. Mr. Randle's 2 bats for best batting and best bowling for the Bank's Club were won by Mr. Dhond and the 3 bats presented by the Hon. Mr. Lalubhai Samaldas, for second best bowling, second best batting, and best fielding, performances, were awarded to Messrs. Mathew S. D'Souza, Mac. Pinto and C. K. Phanse, respectively. Mr. Dhond also won the Gold Medal offered by Mrs. Randle for all-round efficiency. One bat was presented by Shrimant Sampatrao K. Gaikwad to Mr. A. G. Khanvilkar.

CORONER'S COURT.

Mr. A. R. King, Coroner, yesterday, held an inquest on the body of an unknown Hindu woman (40) who was killed by a Steam Lorry No. 561 driven by one Rustomji Jamshedji Kadena on the 12th instant.

The evidence showed that at 11-30 a.m. on the day in question the Steam Lorry driven by the suspect came backwards towards a heap of coal at Jakaria Bunder in the Port Trust Railway Yard. The deceased was seen lying on the road by a labourer about 40 yards away on the road by which the lorry came. There was no other vehicle immediately before or after the steam lorry had passed. The deceased was found unconscious and died in 15 minutes.

Further enquiry was adjourned.

BOMBAY AMUSEMNNTS.

EMPIRE AND EMPRESS.

At the Empire and Empress simultaneously Jack tht Son of Tarzan and his faithful friend Akut, the ape, have now been joined in the jungle adventures by Meriem the foster daughter of the Arab Sheik. In the last story the episode jumped forward several years and we now find Jack and Meriem both growing into a sturdy man and woman. Their adventures this week are concerned with their struggle against the Sheik and Paulvitch. In Episode 8, the scene is changed to London, when Paulvitch attempts to blackmail Lady Greystoke for a sum of £10,000, which she consents to pay and proceeds to Africa with him in order to discover her son Jack.

EXCELSIOR CINEMA.

The Excelsior Cinema Programme includes an "Around The Town" film, Kinetc Chats No. 2," a rollicking comedy, and finally a French drama, "The Parisian Tigress." In the latter film Viola Dana takes the leading role, and it is said to be a film of smiles and tears which tells of life in Paris and reveals the heart of the city where the Apaches, the menace of the slums, live their secret, stealthy life of the night. The heroine earns her title as the little waif, the child of the gutter, who is singing and dancing in the cafes for her relentless masters show a fiery which gains for her the tittle that clings to her. Later she is seen in all the rich and luxorious ease of a Parisian home of wealth. It is a film of vivid contrasts and consequently of absorbing interest.

A CORRECTION

POONA, October 13.

(From our Correspondent.)

The amendment proposed to Rao Bahadur Kelo's resolution moved on Monday last and accepted by the house was to subsiitute the words "An Indian officer of the Indian Medical Service" instead of the words "A Committee."

A Nasik message of October, 12th states that the District Magistrate to-day discharged Boult holding that Billings' confession implicating him was not corroborated. Billing was committed to the Sessions.

A Patna message of October 13th states that the Governor has accepted the recommendation of the Legislative Council to appoint a committee to consider the retaining of the Agricultural College at Sabour.

CHIEF PRESIDENCY MAGISTRATE.

SHARE-BROKER SENTENCED

At the Esplanade Police Court, yesterday Rao Bahadur Chunilal Setalvad, Acting Chief Presidency Magistrate, delivered judgment in the case in which Inspector Gaider charged David Marcks, a Jew share-broker with cheating Miss Olive Euphemia Strip in respect of four Government Six Per Cent. Loan Bonds of Rs. 1,000 each and Rs. 200 in cash on 20th July, 1921. The accused was arrested on 8th August.

Mr. J. J. Sopher, pleader defended the accused.

The evidence showed that the complainant was Principal of the Barton Female Training College at Rajkot and resided, at present, in Kavarana House, Colaba. The accused represented himself as a sharebroker and a relative of Sir Sassoon David, Bart. On the 19th of July, 1921, the accused met the complainant at the Taj Mahal Hotel and induced her, after a little drink, to invest some money in British Burma Petroleum Shares. The complainant said she had no money in cash, but that she had bought recently Government Bonds of the face value of Rs 4,000 carrying per cent. interest. The accused said he was worth rupees two lakhs and had his money with the National Bank of India, and that the four thousand rupees bonds, plus rupees two hundred more in cash, would buy for her three hundred shares of British Burma at Rs. 14 each. The complainant, therefore, handed over next day the four Government 6 per cent. bonds of rupees one thousand each and her brother paid the same evening Rs. 200 in cash. Before handing over the bonds to the accused the complainant put her signature over them in blank. The accused wrote something on the receipt and when asked to explain, he said it meant "badla" which she did not understand. In the contract form complainants' brother's name was put, and this was explained away by the accused that his broker with whom he was dealing refused to deal with ladies, and as long as the name of Strip was there, it did not matter. The day of settlement was 20th of August 1921. When the accused gave contract form she grew suspicious, as it was not like the one the other brokers had given her on previous occasions. On making further inquiries she was told by the accused that the shares were at the bank. When she suggested that she would go and inquire of the manager of the bank, the accused told her that he had such a large amount at the bank and such large business that it would be tantamount to defame his reputation with the bank. Till the 20th of August, 1921, the accused put the complainant off from day to day, promising to give the shares. As he neither gave the shares nor the money nor the bonds, a complaint was lodged with the police.

The defence was that the complainant had given the bonds as a loan on his promising to pay Rs. 150 a month as profit, until he returned the bonds. It was also arranged to pledge the bonds at the bank and ulitize the money. In regard to the Burma Petroleum shares he said the contract was made for the sake of formality, as the complainant did not want to show that she was receiving interest. The name Strip was put on complainant's brother's suggestion, and that all the business was to be done for him (brother) and not for the complainant.

His Worship, on the evidence, convicted the accused and sentenced him to suffer rigorous imprisonment for nine months and to pay a fine of rupees one thousand or in default to undergo further hard labour for six months. If fine was recovered it was ordered to be handed over to the complainant.

FINANCE.

The Imperial Bank balance is Rs. 385 lakhs down and the Bank rate remains unchanged. Inter-Bank Call money rate is still about 2 per cent and the fixed deposit rates are a shade better. There was a good demand for Government Securities, chiefly Short-term Bonds, as the rate for Treasury Bills is very poor and if Government wants more money they will have to raise the rate of interest next month.

Exchange has been a firm market with an improvement of a farthing during the week. Although Calcutta does not yet show much sign of firmness, the local rates are well maintained on account of Yen Bills. The tendency of the market is for better rates, although it is liable at times to heavy fluctuations.

Silver Market continues steady as China is a good buyer of silver both here and in London. The off-take is still very small at about 25 Bars a day and the stock is about 2500 Bars There will be a big shipment of silver by the outgoing mail to China.

Gold has been a weak market in sympathy with the improvement in the American dollar exchange and the London Gold rate. The local demand is about 25,000 tolas a day, but heavy arrivals are expected for the October settlement. The visible supply is estimated at about six lakhs tolas.

The Japan/London rate is 2/5 per yen, The Shanghai/London rate is 4/1 per tael, and the Hongkong-London rate is 2/11 per dollar (silver).

SHARE MARKET.

The Market was closed for forward business throughout the week to finish off the October settlement. It is a pity that in spite of the Clearing House and its great benefits to the members and the outside public, the settlements take as much as twelve days to work off. The fault, we are informed, is on the part of the Brokers' clerks in not preparing the lists early. Surely the Managing Committee ought to devise better means by which the whole show could be over within a week.

There was some inquiry in Cotton Mill shares, particularly in those that are likely to be dealt with for forward delivery from 5th January next.

In the miscellaneous section, Bank shares were in good demand, Chiefly Imperial Banks, while a big business was done in Central Banks about Rs. 39. Tata Steels were in a hopeless mess on account of some defaulting buyers, and there was forced liquidation in the scrips both Ordinary and deferreds. A large block of ordinary (new) were placed about Rs. 85, and old about Rs. 95. New Deferreds were done at about Rs. 420 and old ones at about Rs. 500. For the time being this forced liquidation seems to be over, but it is quite possible that it may break out again.

The following are the closing rates of the Bombay Stock Exchange:—Market closed quiet.

MALABAR RELIEF FUND.

TO THE EDITOR OF "THE CHRONICLE."

Sir,—From the conversations I had with some Bombay gentlemen in the course of our work, I find that there is a misapprehension that the Congress Committee at Calicut have no facilities for doing the relief work. I shall, therefore, feel much obliged if you will kindly publish the following letter I have received yesterday from Mr. K. P. Kesava Menon, Secretary, Kerala Provincial Congress Committee, in response to our enquiries concerning the Congress Relief work in Malabar. I also give below a translation of the notice in Malayalam widely circulated in Calicut and other centres by the Congress Committee a copy of which has been enclosed in the letter from Mr. Kesava Menon.

Thanking you in anticipation, yours, etc.,

E. R. MENON,
Secretary, Malabar Relief Fund,
(Malabar Residents' Committee).
Krishna Building No. 1.
Parel, Bombay, Oct. 14.

THE LETTER.

Kerala Provincial Congress Committee,
Calicut, 10th October, 1921.

Dear Sir,

I am in receipt of your letter regarding the famine relief affair and have to thank you in the name of our Committee for your activity on behalf of our suffering fellow-countrymen. I read about your meeting in Bombay and I hope you would succeed in collecting a big amount for the "Relief Fund." Bombay would, I am sure, re-pond with its characteristic generosity, if only it realises the true state of affairs in Malabar at present.

The situation still continues to be serious. The end of the trouble is yet not in sight. From what we see and hear, we are inclined to believe that things are getting worse every day. Thousands of refugees are flying from the affected areas to Calicut, Trichur and other centres. Some are leaving Malabar to other places of safety. Calicut is now full of refugees. We undestand, that the authorities have instructed the people to come in from the interior and live near Railway lines to facilitate carrying relief to them. This considerably lessens our difficulty to carry relief to the suffering people in the affected area as we could approach them without special facilities provided by the authorities. In fact help is more needed in places where refugees have flocked to. That is what exactly we are at present engaged in doing. I shall summarise the work that we do now in Calicut, Trichur and other places.

1. Distribution of rice.
2. Distribution of clothes.
3. Boarding and lodging refugees in the Congress refugee Homes.
4. Stray financial help for deserving refugees.
5. Arrangements are also being made for medical aid.

You may rest assured that we are doing our level best to provide all possible help and comfort to the refugees. We have also given wide publicity about our relief arrangements, as you will find from a copy of the notice herewith enclosed.

I am sure the above would give you the scope of our work at present. Every day our work is increasing. We are fortunately receiving financial help from different parts of India, Burma and even the distant Malay States. You can trust the Congress Relief Committee to do everything in its power for the comfort of the suffering people.

You are already aware of the existence of the non-official committee working under the advice of the authorities. So far as I am aware the Committee is doing good and useful work in providing homes for the refugees and also carrying provisions to the suffering people in certain parts of the affected area.

I may tell you for your information that the fact that we are not given special facilities to go to the affected area, does not hinder our work very much, seeing that people are leaving such places and are flocking to towns like Calicut, where we can freely render them whatever help we could.

Once more I thank you for your deep sympathy with the distressed people and hope that you would be able to send us a substantial amount towards the Congress Relief Fund.

I remain,
Yours truly,
(Sd.) K. P. KESAVA MENON,
Secretary,
Kerala Provincial Congress Committee.

NOTICE.

The Congress Committee have made arrangements to render all possible help to refugees coming from the interior parts owing to Mopla riots. The Committee are prepared to protect those who have not received help from other sources and have been put to hardships for want of food and shelter. Such persons are requested to apply to the Congress office, Chalapuram, Calicut.

K. P. KESAVA MENON,
Secretary, Congress Committee.
Chalapuram, 8th October, 1921.

SWADESHI IN JALGAON.

TO THE EDITOR OF "THE CHRONICLE."

Sir,—On the 11th instant, "Vijaya Dashami" Holiday was celebrated here with full National Spirit. Usually the celebration of the Holiday consists here in the holding of the public gathering and distribution of "Pan Supari" in the Municipal Offices, and thence the starting of the public in the form of a procession for "Shami Pujan."

But this year everything seemed to be changed, and the change was a remarkable one.

A novel feature as added to this year's "Dasara" celebration. It was the holding of Exhibition of Hand Spun yarn and other articles of Swadeshi art, under the auspices of the National School.

The gathering was held as usual in the Municipal Offices, which presented a new aspect owing to the presence of the Khilafat Volunteers (clad in green Khaddar dress), with the National flag at the entrance of the Hall. After the National songs were sung by the students of National School, Pan Supari was distributed and the people came out of the Hall amidst the cries of Allah-o-Akbar, Mahatma Gandhi-ki-Jai, Mahomed Ali Shaukat Ali-ki-Jai etc., etc., and formed into a procession which was headed by the students of the National School, singing National songs; these students were followed by two carts, in each of which a student was sitting with a Charkha, on which he was spinning yarn. The Khilafat Volunteers, who were marching behind the carts, singing Khilafat songs, were followed by the leading men of the town and the general public. Some Government Officials, who were present to the "Pan Supari" in the Municipal Offices, were not to be seen in the procession the cause of which, can be easily guessed by the readers, and hence it needs no mention.

But the most marked feature of this years procession was that those who formed it were all clad in pure Swadeshi Khadi, instead of Foreign Silk and Cotton clothes.

These people had not put on Khadi a show or only temporarily for the occasion, but they were the constant and sincere wearers of Khadi.

Really it is a unique change in the public history of Jalgaon, which was not so advanced as now in the National movement, a month or two back; from this sight I can say that the Jalgaon public has wrought a miracle within these last few days.

I would conclude this letter with a fervent hope that during the coming Diwali festivals the use of pure Swadeshi cloth may increase with leaps and bounds and thus stimulate the Swadeshi movement, which is the backbone of India's Economic uplift.—Yours, etc., etc.

"PAPA."

FOOTBALL IN BOMBAY

An interesting match in connection with the Harwood League takes place to-day in the meeting between the winners, the K. S. L. I. and a team picked from the rest of the League. There will be two very strong sides out and one of the best games of the season should be seen. The proceeds will be given to some deserving charity, so apart from the excellence of the game, there should be a bumper gate this afternoon.

The kick off will be at 5-15 p.m. sharp.

The rest of the League will be represented by the following:—Goal: Perry (Gymkhana); Backs: Newby, Littlewood (Brigade Office), Halpen-Duffy (Embarkation), Nougerede (Y. M. C. A.), Harte (R. G. A.). Forwards:—Jefferis (Brigade Staff), Mayo (Y. M. C. A.), Stenhan (Gymkhana), Munro (Brigade Staff) and P. Bradley (Gymkhana).

The final match in the International League will take place between England and Wales. This should be a great struggle as both teams will be very strong.

THE PRINCE'S VISIT.

In utter disregard of the feelings of the people of this country the bureaucracy has persisted in its decision to bring his Royal Highness the Prince of Wales to India and is indulging in costly pomp and pageantry while still the wounds inflicted on the country are unhealed and the people are sore at heart. That there is absolutely no necessity to force the visit (most welcome at any other moment) on India at this juncture must be plain to the meanest understanding not obsessed by the sense of official prestige. But the bureaucracy, with Lord Reading at the head, has resolved, for political reasons, which no camouflage can hide from the eye of the people of this country and the world at large, to exploit the Royal House hoping thereby to make the people forget their wrongs and to evoke in them fresh feelings of loyal gratitude to the bureaucracy which has done so much for them—and to mislead the outside world as to the truth about the Indian grievance. The bureaucracy knows but too well that the tour of the Duke of Connaught, also arranged for political reasons, proved an ignominous failure. It is with a view to safe guard against a repetition of that failure in connection with the Prince's visit that arrangements are being made to make the receptions and other ceremonies connected with the tour as grandiose as possible, regardless of cost and public decencies. The greater the aloofness of the public, the greater the *tamasha*—that seems to be the plan of the bureaucracy, out to hoodwink both Prince and the world at large about the real condition of things in this country and the feelings of the people towards the visit of the Prince. It cannot be said that the bureaucracy is ignorant of the volume and intensity of the public feeling against the visit. It has chosen, however, deliberately to flout public opinion and to rely on its own powers of camouflage effectively to hide the discontent from the knowledge of the Prince and the public of Great Britain.

The duty of the nation, in these circumstances, is clear. It must prosecute its resolve to boycott the royal visit by systematically refraining from participating in any of the functions connected with the visit and thus demonstrating to the Prince by the effectiveness of its non-cooperation the strength of the feeling against the visit. It is superfluous to assure the Prince that the Indian people bear no ill-will towards him. On the other hand, it is a matter of profound regret to them that his Royal Highness has been made a tool by the Indian bureaucracy for its own ulterior purposes. It is a matter of regret also that with the exception of one or two journals in England, like the "Daily Herald" and the "Manchester Guardian," the British Press should fail to take note of the real feelings of the people of India regarding the Prince's visit. But, in spite of all the official camouflage and newspaper barrage, it is impossible to believe that the Prince has not been apprised by now that there is strong feeling in India against this projected visit. Assurances, however, must have been conveyed to him by his official advisers that the Government of India are taking all steps necessary to make the visit a "success"—from the spectacular point of view!

But whatever the bureaucracy does, the people of this country have their own duty to perform which they must do unflinchingly—and that is to boycott the Prince's visit effectively and they will do so because, in the words of the resolution of the All-India Congress Committee, the visit is a political move and is thus "calculated to give strength and support to a system of Government that has resulted in a breach of faith with the Mussalmans of India and atrocious injustice to the people of India as during the Martial Law days in 1919 in the Punjab and a system that is designed to keep India as long as possible from her birthright of Swaraj." The Prince has been welcomed most enthusiastically wherever in the British Empire he has gone. But no welcome could be more spontaneous, more enthusiastic than that he would receive at the hands of the Indian people even to-day—if the wrongs from which they are suffering are righted and they become in their own country what Englishmen, Canadians or Australians are in their own.

"MA-BAPISM."

Mr. Simcox, the Collector of Nasik, has been somewhat unduly in the limelight. Mr. Simcox, as will appear from an account by our Nasik correspondent, is now leading a movement to check the spread of Non-Co-operation in his district. But even more than this his solicitude for "the Man in the Street" is really commendable. Unfortunately, however, he shows that his solicitude is not altogether disinterested. He has Mahatma Gandhi too much on his brain and cannot resist the temptation of having a fling at the Mahatma and his followers, occasion or no occasion. In a letter, dated 11th October, 1921, to the Secretary, Bombay Presidency Nursing Association, Mr. Simcox has attempted to prove what is good or bad "both morally and politically,"—for whom, it is not quite clear—and then goes on to say:—

"Government, in order to be successful now-a-days, must cater for the man in the street. *That man is now beginning to realize that he has the power to get what he wants, and to supply what he does want.* A successful Government ought to supply his reasonable wants, while curbing his unreasonable desires. Mr. Gandhi and his followers are whetting the latter, and if they are whetted much sharper they will cut through all restraints. Surely it is for the Government to counter-move, and appeal to *the great public* by beneficent action. The man in the street judges by results, not by overhead theories or legislation. The three Ministers appointed under recent Reform Scheme cost Rs. 16,000 per month An equal amount would provide three or four nurses each to all the civil hospitals in the Presidency. I believe that the three Ministers are conscientious, but they are utterly beyond the ken of the man in the street who would appreciate the nurses much more (!)"

The italics are ours. We are glad Mr. Simcox has begun to realize the great truth that "the voice of people is the voice of God," and is anxious to subserve the needs of "the man in the street." *Noblesse oblige.* But Mr. Simcox is impartial. If he has no love for "Mr. Gandhi and his followers," he has no love for "the three Ministers" either. The latter, we have no doubt, fully appreciate Mr. Simcox's certificate. To say nothing of the individuals who fill the places, Mr. Simcox feels in effect that the Ministerships are useless, a view which we are inclined to endorse for a totally different reason. But in order to provide nurses at all the civil hospitals, which at least the scattered European community, if not "the Man in the Street" will certainly appreciate, why do away with the Ministerships alone? It seems to us much better that all the "overhead", theories and embellishments of representative Government such as the Ministers, the Executive Councillors and the Legislative Councils should be done away with and *Ma Bapism* installed on its old pedestal of unchallenged supremacy so that the Government may utilise all the money saved on "beneficent action" that would be appreciated by the "Man in the Street," such as the provision of a dozen nurses each at all the civil hospitals and creating some sinecures for propagating the truth manufactured at Government factories viz., the Publicity Offices and Labour Departments, so that the "Man in the Street" may very properly be catered for. *Ma-bap* Simcox will then have no more need to wory about "counter-moving" disloyal movements and checking the "disastrous results" of N. C. O. Muddleheadedness cannot go further. We dare say the B. P. N. A. will have treated Mr Simcox's silly effusions with the contempt they deserve.

Notes of the Day.

Another "Epoch-making" Visit.

Sir William Vincent is reported to have left the Olympian retreat on a "flying" visit to Malabar, at the instance it is said, of the Viceroy. What Sir William will find in Malabar more than Lord Willingdon did during his "epoch-making" visit to that district it is difficult to imagine. If our Simla correspondent is correctly informed, Sir William is due back at Simla on the 27th instant and consequently his stay in Moplah-land cannot exceed three days. Lord Willingdon was not at the headquarters of the district for more than three hours and yet we have seen what momentous results were forecasted at the time of his visit. We have no doubt that the semi-official press all over India will go into similar ecstasies when it comes to know that the district had been blessed by the presence, however brief, of one of the Olympian gods. The inspection of a guard of honour at the alighting station, a drive to the military headquarters, and a chat with the officers over breakfast, a stay of a day or two in the Collector's bungalow, a few motor drives to planters' estates, then a conference with half a dozen "leaders" selected by local officialdom and a few hours' nap in a railway saloon somewhere on the line—these will in all probability constitute the "flying visit" which the Home Member is undertaking.

Duty of the "Cooperators."

But. how are all these things calculated to enlighten Sir William on the true needs of the situation or bring any relief to the distracted people of Malabar? No doubt, the visit will enable the Home Member to claim that he knows, if not all about the subject, at least more than what his non official colleagues claim to do. In this perhaps, he will be right, for none of the latter, not even the "representatives" of Southern India in the two Indian Chambers have so far displayed any anxiety to get first-hand information about the Moplah riots. They have been profuse in their sympathies with the oppressed Hindus and Christians of Malabar, and have given a *carte blanche* to the Home Member regarding the use of military forces to cope with the rebels. But their concern with the fate of the district stops with that. Whether relief measures are organised on an adequately large scale or whether the justice administered by the martial law tribunals has due relation to the actual guilt of the accused—these and other things do not appear to vex their minds. They have complete faith in the "men on the spot" and so do not bother themselves. Mr. Deodhar and other members of the Servants of India society are declaring that at least ten lakhs are needed for giving the victims of the riots proper relief. But not even a tenth of that amount has been forthcoming. The Government of Madras have put obstacles in the way of Congress workers carrying relief to the suffering people. In these circumstances, is it not the paramount duty of the self-constituted "Cooperators" of Government to organise relief measures promptly and an adequate scale? Whatever "Cooperators" may or may not do, the call of humanity from Malabar must receive an adequate response from every patriotic Indian. Meanwhile, what about a Committee of enquiry into the causes of the rising and the means adopted to suppress it?

History and Strategy.

"Truth" publishes the following note from its strategic correspondent who lately cited Clausewitz as a warning to the Greeks not to make too much of their offensive in Asia Minor, but to seize the opportunity of making peace before the "culminating point" had been passed:—

"We have heard a good deal about the traditional practical man of the present day who has "no use for history." I hope that we shall not hear quite so much about him in future, especially in connection with the conduct of military strategy. The University of London has now established an Institute of Historical Research, with a military history, library attached and a new Institute of "Army Historical Research" has been launched on its career. I suggest that, in both, the researchers could do no better work than to analyse all the examples of nations taking the offensive against their neighbours with disaster to themselves. Let us hope for the sake of humanity that the Grek example will be the last in history.

Franco-German "Peace Plot."

Reuter informed us the other day that the conclusion of the agreement between M. Loucheur and M. Rathenau evoked singularly little comment in England though according to well-informed Paris correspondents it practically means that the Treaty of Versailles is doomed. The following by "Veritas" in the "Outlook" will be read with interest as throwing a sidelight on the respective attitudes of England and France in this matter:—

Let us be fair to France in this matter of the Loucheur-Rathenau "peace plot." We have our own sensa and pig-headed politicians and "big business interests," and if we think them less objectionable than those of Paris, we may be prejudiced in favour of our own kinsmen. France is perfectly entitled to say with astonishment: "Here we are at last doing what you have insisted upon for months past, and now you turn against us and object. What is there we *can* do that would please you?" We have objected strenuously, and rightly, to the French manoeuvres against Germany that have retarded the economic recovery of the Continent and so helped cripple our trade and thrown us into our present economic slough of despond. But now, when other and wiser counsels have prevailed in Paris, and M. Loucheur has been permitted to make an agreement for the French purchase of German goods for the reconstruction of the devastated areas, an agreemnt that may lead to a Franco-German rapprochement, some of us are so short-sighted and illogical that we cry out: "See these wicked French robbing British firms of business by agreeing in advance to take all materials needed from Germany and not giving us or the Belgians a chance to compete!" The point is sound—some damage is done to our business interests by the Loucheur-Rathenau pact. But what trifling, petty point it is, compared with the tremendous benefits that will accrue to our trade through the ending of the armed truce on the Rhine, if, indeed, the agreement happily accomplishes so much and is not overthrown by the "wild men" in the Chamber. Our objections should be dropped, and speedily; we should hang our heads and say nothing when we are reproached, as we probably shall be for our inconsistency.

Cut out the Bunk.

"The Financial Review" of New York writes:—

"We are solemnly advised via Washington, D. C., that Mr. Hoover has assigned one of his chief assistants to make a special study of trade conditions in the Far East. This assistant will start late in September; he will be accompanied by a delegation of American business men, a division of secretaries and an army of stenographers.

About April 1 this chief assistant, the delegation of American business men, the division of secretaries and the army of stenographers will return. Probably by November 15, 1922 or 1923, we will have available a formidable document telling us just why the Chinese prefer bird-nest soup and bamboo shoots; why the Indians drink silver (after reading eulogies of the League of Nations) and why the wild men of Borneo are still wild.

No mention will be made of the 48-year conspiracy against China and the subtle perversion of commercial India by the smooth charlatans of London.

The intricacies of rupee exchange tales and Mexican dollars will be ignored.

For more than 3 years. The "Financial Review" has emphasized tht fact that using silver both as a commodity and a monetary medium is a conspiracy and one that works chiefly to the advantage of one country, Great Britain.

That with silver below 1,20 dollar an ounce, both China and India are forced to do business in terms of sterling;

That low-price silver is the direct and absolute result of British interference and influence in the Government of this country.

The remedy is not difficult. Mr. Hoover can revive both our Far Eastern trade and adjust world exchange to a considerable extent by a most simple and immediate procedure.

The vital question is: will he do it.?"

Hyderabad Finances.

While British India and many of the Indian States are at their wits end to meet the increasing demands of their several departments, it is gratifying to see Hyderabad telling a different tale. Thanks to the highly favourable monsoon conditions, the State has been able to assess its income for the year 1331 Fasli (corresponding to 6th October, 1921 to 5th October, 1922) at Rs. 6,80,15,000, a figure which is in excess of that of the previous year by Rs. 46,61,295. The total expenditure for the year is estimated at 665 lakhs and this leaves a surplus of a little over 15 lakhs to the State. For some time past the Government of Hyderabad has committed itself to various items of expenditure of which that on Public Works Department, involving a crore and 25 lakhs of rupees to carry on irrigation works and the Drainage Scheme in Hyderabad City recommended by Sir M. Visveswaraiya, is the most important. The high cost of living has induced the Durbar to revise the scales of pay and allowances of the servants of the State, necessitating an additional expenditure of 38½ lakhs. Compared with the previous year, the expenditure of 54 lakhs on education is not illiberal, but seeing that the Nizam has appropriated 70 lakhs out of the revenues, the grants for education ought to have been much larger. The sum of 8 lakhs set apart for the visit of the Prince of Wales is unduly excessive and we cannot but condemn this senseless squander-mania on the part of the State, especially in view of the fact that many parts of Hyderabad are famine-stricken and that the Prince himself is averse to such waste of money

IRISH CONFERENCE.

FOR STRICTER OBSERVATION OF TRUCE.

CONSIDERED BY COMMITTEE.

(REUTER'S TELEGRAM.)

LONDON, Oct. 12.
Recd. 9-30 a.m., Oct. 14.

A committee consisting of Sir Hamar Greenwood and Sir Evans Worthington-Evans on behalf of the British Government and Mr. Michael Collins, Mr. Barton and Mr. Duggan on behalf of the Irish Delegation to-day conferred for three hours for the purpose of considering questions relating to stricter observation of the Irish Truce. General Macready attended the conference to deal with technical points. The results are to be reported to the full conference to-morrow.

IRISH PEACE PARLEY.

A PRELIMINARY CONFERENCE.

(REUTER'S TELEGRAM.)

LONDON, Oct. 13.
Recd. 9 p.m., Oct. 14.

When the Irish Conference reopened at the Downing Street this morning, there was a smaller and quieter crowd. The Sinn Feiners arrived an hour late. It was explained that the reason was not because of any hitch, but because both the sides desired to hold a preliminary conference. The Conference lasted one and a half hours when it was adjourned until to-morrow.

THE TRUCE COMMITTEE.

COMPLAINTS OF BREACHES.

(REUTER'S TELEGRAM.)

LONDON, Oct. 13.
Recd. 9 p.m., Oct. 14.

The Truce Committee appointed by the Irish Conference has quickly set to work. The complaints of breaches of truce—some of them serious are becoming numerous. They take the form principally of kiduappings, which are increasing. Policemen and farmers are the chief victims. On many cases men are conscripted to serve in the Republican army, which has commandeered for its headquarters in North Tyrone a shooting lodge known as the Sperrin Lodge. Outbuildings have been converted into barrack rooms to accommodate men under training who are "called up" for instruction. Sinn Fein Court has also been established in the camp.

SPANISH CAPTURE OF GURUGU.

MOORISH RESISTANCE UNLIKELY.

(REUTER'S TELEGRAMS.)

LONDON, Oct. 12.
Recd. 9-30 a.m., Oct. 14.

It is learned that the Spanish Capture of Gurugu makes any further resistance on the part of the Moors unlikely.

RUBBER GROWERS' ASSN.

RESULT OF COMPETITION

(REUTER'S TELEGRAM.)

LONDON, Oct. 13.
Recd. 0-30 a.m., Oct. 15.

Rubber-growers Association's competition for the best suggestions for new uses for rubber has resulted as follows:—

The first prize of a thousand sterling has been awarded for the suggestion that sponge rubber be used for filling chairs and couches and cushions and for other purposes connected with furniture trade.

The second prizes of five hundred sterling each have gone to suggestions that liquid rubber in conjunction with paint be used as preservative on wood and metal against corrosion and sea-water; and the use of rubber mud-guards on motor cars.

Ten prizes of a hundred sterling are given for suggestions of various kinds.

There are also a number of consolation prizes.

Entries totalled two thousand.

THE COALITION GOVERNMENT.

LORD ROBERT CECIL'S CRITICISM

"CLEAR AND DEFINITE PROGRAMME" WANTED

(REUTER'S TELEGRAM.)

LONDON, Oct. 12.
Recd. 12-30 p.m. Oct. 14.

A letter from Lord Robert Cecil has been published supporting Viscount Grey's criticisms of the Government in the course of his speech at Berwick on the 10th. Lord Roberts Cecil says we want an administration which will have a clear and definite programme and will pursue even the tenor of its way undisturbed by the passing gusts of popular excitement. Lord Robert Cecil suggests that viscount Grey would be the man to head such an administration and says he is prepared to co-operate with Viscount Grey despite the fact that he is a Liberal. Lord Robert Cecil urges all those who think similarly to join in the effort to restore to Britain the administration which will give her security at home and will command confidence abroad.

SOVIET AND RUSSO-ASIATIC CONSOLIDATED.

FAILURE OF NEGOTIATIONS.

(REUTER'S TELEGRAM.)

LONDON, Oct. 12.
Recd. 12-30 a.m. Oct. 14.

Contrary to anticipations the Russo-Asiatic Consolidates announces the failure of protracted negotiations with the Soviet Government for the return of the Company's properties. The Company's Chairman. Mr. Leslie Urkuhart, who has recently spent three weeks in Moscow negotiating the draft contract has written to M. Krassin showing the impossibility of any dealing with the Soviet authorities. He says that the political and economic conditions in Russia are so impossible that the Company refers to remain as claimants against Russia for the Soviet's unlawful appropriation of its properties and working capital than to enter into a contract for their return since so long as the Communist Party controls the Soviet Government the former could through its instruments, the Extraordinary Commission of the Third International and Professional Unions, render any agreement with the Soviet Government inoperative.

INDUSTRIAL UNION IN RUSSIA

SOVIET SUPPORT

(REUTER'S TELEGRAM.)

LONDON, Oct. 13.
Recd. 9 p.m., Oct. 14.

Reval.—The Soviet support of a private enterprise is indicated by a Moscow despatch announcing the promotion of a private industrial union. M. Trotzky is to be one of the directors. The Union will control various industrial concerns, including tannery, ironworks, nail factories, papermills, brickworks, boot factory and six Government estates.

P. the engine is hoped shortly to attain the speed of between 200 and 300 M. P. H

THE SILESIAN QUESTION

DECISION OF LEAGUE OF NATIONS.

GERMAN CHANCELLOR'S CONCERN.

(REUTER'S TELEGRAM.)

LONDON, Oct. 12.
Recd. 12-30 p.m. Oct. 14.

Berlin.—It is officially stated that at a meeting of the Imperial Cabinet Mr. Wirth Chancellor, declared that if the League of Nations' decision regarding Silesia was really as reported a new situation would be created which would prejudice the conditions under which the present Government had assumed the conduct of affairs. The cabinet's decision has been deferred, until the official notification of the Verdict of the Supreme Council has been received.

UPPER SILESIA QUESTION.

COUNCIL'S RECOMMENDATIONS.

(REUTER'S TELEGRAM.)

LONDON, Oct. 12.
Recd. 0-45 a.m., Oct. 14.

Geneva.—The Council of the League of Nations have forwarded recommendations to M. Briand regarding Upper Silesia. Recommendations are of a complex character, but substantially amount to a proposal of the establishment of a frontier line which is practically based upon a plebiscite, with stipulations for the revulation of the public supply services and railways over varying periods of years; abolition of customs duties; and maintenance of German mark as currency.

SILESIAN CRISIS.

EFFECT ON GERMAN MARKET.

(REUTER'S TELEGRAM.)

Recd. 11-20 p.m., Oct. 14.
LONDON, Oct. 13.

According to the "Daily Telegraph's" correspondent in Berlin, the Silesian crisis has led to a new low record for mark which since October 11th. has dropped from 569 to 590 to pound sterling.

The "Vossische Zeitung" understands that the Cabinet is divided on the question of resignation. but if such an event should occur, it appears certain that Wirth will again be entrusted with the reins of the Government.

COUNCIL'S COMMUNIQUE

(REUTER'S TELEGRAM.)

LONDON, Oct. 13.
Recd. 11-20 p.m., Oct. 14.

Geneva.—The communique of the Council of the League of Nations embodying recommendations already forecasted, says that the committee came to the conclusion that the problem was insoluble simply by drawing a line based purely on plebiscite, or on economic conditions, or on compromise between the two, owing to the intermingling of the German and the Polish populations. Therefore in drawing a political frontier, adequate safeguards are necessary against disruption of existing economic conditions. These cover arrangements fixed for varying periods, maximum being fifteen years, for impartial management and equal rights over railways; for common duties on many products including coal and zinc; and for maintenance of German mark in regions assigned to Poland.

Ishii, winding up the session of the Council, said that the solution they had reached marked the decisive hour in life of the League, and was bound to contribute to the peace of Europe and of the world.

DEPRECIATION OF CURRENCY IN GERMANY.

AN ALARMING SITUATION.

(REUTER'S TELEGRAM.)

LONDON, Oct. 13.
Recd. 0-30 a.m., Oct. 15.

Marks new record 550 to a pound sterling is exciting speculation whether financial catastrophe is impending in Germany through the depreciation of currency accompanied by continued boom in the industrial stocks an average price of which is now more than double that of the last March. The report of the decision on Upper Silesia has been received with consternation in financial circles in Berlin, which are discussing measures to prevent the withdrawal of the German marks from Silesia to Poland, as currency will be further depreciated if the Poles get hold of large quantities of German notes. The American banker Mr. James Speyer, interviewed in London, views the situation with alarm. He said that the only palliative was a large long term of credits to Germany.

SILESIA DECISION.

OPINION IN LONDON.

(REUTER'S TELEGRAM.)

LONDON, Oct. 13.
Recd. 0-30 a.m., Oct. 15.

The authoritative opinion in London considers the decision of the League of Nations on Upper Silesia is very fair. It is pointed out that though powers are pledged to accept the decision, this does not preclude the possibility that one or all the Allies offer remarks on the subject. Germany and Poland are expected to accept the decision with absolute loyalty when it is announced, and the Supreme Council will not be affected in the slightest degree by any attempts of either party to obtain modifications of the decision.

WASHINGTON CONFERENCE.

MR. BALFOUR TO HEAD BRITISH DELEGATION.

(REUTER'S TELEGRAM.)

LONDON, Oct. 12.
Recd. 9-30 a.m., Oct. 14.

Reuter learns that Mr. Balfour will probably be persuaded to go to the Washington Conference and will head the British Delegation.

AMERICA AND DISARMAMENT.

RMULATION OF POLICIES.

(REUTER'S TELEGRAM.)

LONDON, Oct. 12.
Recd. 9-30 a.m., Oct. 14.

Washington.—The first Meeting of the American Delegates to the Disarmament Conference was held by the State Department to-day when formulation was begun of policies which America is to pursue.

U.S. DELEGATES FAVOUR ADMISSION OF PRESS.

(REUTER'S TELEGRAM.)

LONDON, Oct. 12.
Recd. 12-30 a.m. Oct. 14

Washington.—Government states that Wireless and Cable Communications in the Pacific are among the proposed subjects at the forthcoming conference. It is understood that the Disarmament Delegates are in favour of admitting the Press to all full sessions of the Conference. Portugal has formally accepted the invitation to participate in the Conference.

PRESIDENT HARDING ON UNIVERSAL DISARMAMENT.

"BEYOND HOPE OF REALISATION."

(REUTER'S TELEGRAM.)

LONDON, Oct. 12.
Recd. 12-30 p.m. Oct. 14.

Washington.—President Harding's opinion of the possibility of universal disarmament which he has been asked to support, by the Member for Brooklyn can be gathered from the reply in which he declares that this is beyond the hope of realisation and perhaps not even desirable. Reasonable limitation is a practicable proposition but human nature will require revolutionary reorganisation to make universal disarmament possible.

FRENCH REPRESENTATIVES AT WASHINGTON.

(REUTER'S TELEGRAM.)

LONDON, Oct. 13.
Recd. 0-30 a.m., Oct. 15.

Paris.—It is officially announced that in addition to M. Briand, France will be represented at the Washington Conference by M. Viviani, M. Sarraut (Minister for the Colonies) and M. Cosseraud (Ambassador to United States).

LORD CHELMSFORD ON MESOPOTAMIA.

GOVT. ON HORNS OF A DILEMMA.

(REUTER'S TELEGRAM.)

LONDON, Oct 12.
Recd. 11-20 p.m., Oct. 14.

Presiding at a lecture on Mesopotamia, Lord Chelmsford said that this was not the least of the Government's problems. One horn of dilemma was that we had destroyed Government of Mesopotamia such as it was and had accepted a mandate for its rule. The other horn was a public demand for curtailment of expenditure, especially on what were called "foreign adventures".

Mr. Edwyh Bevan who was giving the lecture, said that if the Arab self-government failed, the only alternative to anarchy, would be the assumption of Government by some European power. It was hardly conceivable that England with her commitments elsewhere, could undertake it and certainly England could not do so if it meant refending the Mesopotamia frontier against the European powers

UNEMPLOYMENT PROBLEM.

"DAILY CHRONICLE" ON CABINET'S DISCUSSIONS.

(REUTER'S TELEGRAM.)

LONDON, Oct. 13
Recd. 11-20 p.m., Oct. 14.

In connection with the Cabinet's discussions about unemployment, the "Daily Chronicle" states that it is proposed to adopt the insurance principle to relief of distress, and to establish fund compiled by equal contributions of two-pence weekly by the employers and the employees. The journal states further that the suggestion at present is to apply the idea of industries coming under the Insurance Act which covers twelve million workpeople if all of the latter in employment levy and realise three hundred thousand sterling weekly.

AUSTRALIAN LOANS.

DIPLOMATIC INVESTMENT BY AMERICA.

"EFFECTIVE SECURITY IN EVENT OF TROUBLE".

(REUTER'S TELEGRAM.)

LONDON, Oct. 12.
Recd. 9-30 a.m., Oct. 14.

Sydney.—The Americans are boldly bidding for further investments in Australia. A prominent American is reported to have said recently that America was prepared to lend New South Wales an extra hundred million sterling in the event of difficulties with London regarding renewals. He argued that the term of investment of a hundred Million sterling of American money in Australia would increase Australia's security in the event of trouble in the Far East inasmuch as the force of public feeling in America would in that event be more likely to compel the United States Government to give Australia as effective a Naval protection as possible.

MR. REGINALD MCKENNA IN NEW YORK.

ON A FINANCIAL MISSION.

(REUTER'S TELEGRAM.)

LONDON, Oct. 12.
Recd. 9-30 a.m., Oct. 14.

New York.—Mr. Reginald McKenna, formerly Chancellor of the Exchequer, who is now the Chairman of the London City and Midland Bank, arrived to-day on a financial mission. He was met by the Treasury Representatives with whom, it is expected, he will confer with regard to interest on Payments on the United States Loan.

U. S. FOREIGN DEBTS.

Recd. 12-30 p.m. Oct. 14.

Washington.—Instead of Mr. Mellon being entrusted with plenary powers in regard to the funding of the foreign debts due to the United States, it is now expected that the Bill which the ways and means Committee of the House of Representatives has tentatively approved will be passed creating a commission under Mr. Mellon's Chairmanship.

PANAMA CANAL BILL.

FURTHER PRESS COMMENTS.

(REUTER'S TELEGRAM.)

LONDON, Oct. 12.
Recd. 12-30 p.m. Oct. 14.

New York.—Fierce Press criticism of the Panama Bill continues. The "New York Times" states that Senator Lodge has voiced President Hardings opinion in urging rejection of the Bill and describes the passage by the Senate as a thoroughly bad business. The journal urges that every possible step should be taken to undo the mischief and that the administration ought to lose no time in letting the foreign Governments and the Americans know that the Bill will go no further.

NAVAL ESTIMATES FOR AUSTRALIA.

(REUTER'S TELEGRAM.)

LONDON, Oct. 13.
Recd. 0-30 a.m., Oct. 15.

Melbourne.—Mr. Pearce, Minister of Defence, has sailed for Vancouver to attend the Washington Conference.

Laird-Smith, Navy Minister, introduced in the House of Representatives Commonwealth naval estimates totalling 3,180,000 Expenditure for 1920/21 is ninety-six thousand below the amount of the appropriation. This is due to the reduction of personnal of Navy, as ranks and ratings lent by the Imperial Government, are now being repatriated.

The sea-going Fleet of the Commonwealth is reduced to:

2 light cruisers, 1 training cruiser, 2 sloops, 4 destroyers, 3 submarines, few auxiliaries.

LONDON LETTER.

LORD READING AND MALABAR.

MR. LLOYD GEORGE & KHILAFAT DELEGATION

THE IRISH CRISIS.

BY B. G HORNIMAN.

LONDON, Sept. 8.

We are still waiting for the more reliable news which we hope the Indian papers will presently bring us about the Moplah "rebellion". The papers have published in unusual fulness the speech of the Viceroy at the opening of the legislative session. One would have expected to get from it some enlightenment to clear up the confusion created in the public mind here by the disconnected and, in many cases, obviously exaggerated and misleading accounts telegraphed to the papers. One is astonished to find, however. that Lord Reading airly referred his hearers to the public Press for any information they wanted over and above his own meagre and inadequate description of such grave occurences. For the rest, it need hardly be said that the speech has come as a grave disappointment to those who had expected that Lord Reading would have a different and more liberal method of dealing with a situation of this kind than his predecessor. The speech might have been delivered by Lord Chelmsford himself.

Lord Reading's whole utterance breathes a spirit of severity and displays a lack of sympathy which are far out of keeping with the Liberal sentiments by which he professes to be inspired. With the exception of Lord Harding, he is the prototype of any of his predecessors in his unstatesmanlike Toryish want of breadth and vision in dealing with a matter of this sort. And that appears to be the opinion of most of the Liberal-minded people with whom I have discussed the matter!

Departure of Mr. Chotani and Mr. Kidwai.

Mr. Chotani and Mr. Kidwai are sailing for India by this week's mail. They are the last of the abortive delegation invited to England to meet and discuss with the Prime Minister the revision of the Turkish peace terms. Mr. Lloyd George has never been seen at such a disadvantage from the point of view of honest statesmanship, or at a greater advantage as a slim and unscrupulous opportunist than in his treatment of this delegation. Pretending to have been previously ignorant of the gross injustice of the terms of the Sevres Treaty when they were pointed out to him by Mr. Hasan Imam—he really seemed quite shocked!—he has not lifted a little finger to rectify them. He seemed to think he had done all that was necessary in concession to Indian sentiment when he uttered a few smooth phrases, promised to go into the matter and communicate the decision of the Government to the Delegation. That was in March last and the communication is still to come. In the meanwhile, every encouragement and assistance that could be afforded to the Greeks short of an open breach of neutrality, has been given, and Mr. Lloyd George, hoping no doubt that the Greeks will solve a situation that the Allies knew not how to cope with themselves, has had time to devote his attention to other matters.

But, though the mission of the delegation as a delegation has proved abortive, much good work has been done by its individual members. notably Mr. Chotani and Mr. Kidwai. The former has undoubtedly succeeded in impressing a large section of the business community with the gravity of the situation that has been produced in India by the reckless manner in which the Government have flouted Indian claims and sentiment in their, treatment of Turkey. He has not ceased to devote his energies to the cause throughout his six months' stay in Europe. Previous to his departure from London he was entertained by the London Indian Association, when the largeness of the attendance and the cordial applause which greeted the Chairman's appreciation of Mr. Chotani's political and social qualities testified to the esteem in which the Indian community in London hold him. As for Mr. Kidwai he has been as energetic as ever in propagating the cause of Islam.

GRECO-TURKISH WAR.

INTERESTING NEWS ITEMS.

KEMALIST WAR MINISTER ON THE BATTLE OF SAKARIA.

CONSTANTINOPLE, Sept. 13.
(From our Correspondent.)

According to the Anatolian News Agency Refet Pasha, Kemalist War Minister, who lately inspected the front, has made the following statement to the Kemalist paper "Hakimiet Mille," "The battle of Sakaria which lasted ten days has ended with the breakdown of the enemy offensive with heavy losses. I had conversations with the High Command and I am certain that after their last offensive the Greek will be unable to launch a new one. I am in a position to say that the battle of Sakaria which constitutes the first phase of the war has ended with our victory, we ought to be confident of the developments of the second phase of the war."

GIFTS OF CAVALRY.

The inhabitants of Ak-chechir and Karaman have decided to form independent Cavalry detachments and subscriptions have been opened for their equipment.

The population of Konia, besides collecting 100,000 Ltqs. has offered another 2,000 Ltqs. for the purpose of purchasing 200 horses for the Kemalist army.

FRIDAY PRAYERS.

On Friday, 9th Sept. prayers were offered in the Capital for the success of the Nationalist Army. On the same day a divine service organized by the Ottoman Press was held in the mosque of St. Sophia for the soldiers who have fallen on the field of honour. The price of all daily papers was doubled (to 5 Piastres) half of which amount went as contribution to the funds. Subscriptions and other articles were collected on a large scale for Anatolia.

A NEW KEMALIST CIRCULAR.

The Kemalist War Minister, Refet Pasha, has issued a circular to the Anatolian population emphasizing the heavy losses suffered by the Greeks in their present offensive which has been repulsed.

"The Anatolian Army," says the circular, "will soon counter attack in order to give the enemy the 'coup de grace.' Consequently everybody ought to have confidence and live in tranquillity." Refet Pasha goes on to thank the old men and women for the zeal they are showing in helping to transport munitions to the front and asks that a part of the population should continue to do so. He finally asks for commission to be set up in every village to help the families of soldiers to bring in the harvest.

KEMALIST LAW ON DESERTERS.

The Kemalist Government has just issued a law regarding deserters. It enacts (1) that deserters who desert with uniform and equipment will have property belonging to them in the towns in which they lived such as houses, plots, etc., sold by the Government to balance the loss of uniforms, equipment, etc., etc. (2) The value of the property sold will be estimated by the military authorities and will be communicated to the fiscal functionaries of the locality in which the deserter lived.

BRITISH PRISONERS IN ANATOLIA.

The "Vakit," a Turkish paper, states that in accordance with an arrangement arrived at between England and the Angora Government, British prisoners still remaining in Anatolia are about to be released. It is added that as soon as this takes place, the Turkish prisoners still detained at Malta will be set at liberty.

ANOTHER KEMALIST PROCLAMATION

The Tribunal of Independence has issued another proclamation to the people. Among other things the proclamation states that deserters and those who neglect their patriotic duties will be severely punished. Punishment will also be meted out to all villagers and gendarmes who hinder the delivery of guilty persons to the military authorities. Any person who procure false medical certificates to the effect that they are unable to perform their military duties, as well as those who assist in procuring the same, will be treated with great severity. The proclamation adds that in conformity with instructions received from the Angora Parliament, who only look to the peace and well-being of the people in general without distinction of race or religion. Moslems and non-Moslems will be treated with equal rigour, especially if they render assistance to the enemy or trouble the peace in the interia.

RED CRESCENT WORK IN ANATOLIA.

According to the Anatolian press the Red Crescent is showing great activity in helping the poor people of Anatolia and the wounded. They have recently distributed to the Turkish population beyond the front 13,000 kilos of flour, also clothing, petroleum and about 20,000 Ltqs. in money. Hospitals have been established at Angora, Konia, Cesaerea, Nikde and other places.

ANGORA A HUGE MILITARY CAMP.

Travellers from Angora say that this town has now the appearance of a vast military camp. All detachments of reinforcements coming from the interior halt at Angora where they are clothed and equipped before proceeding to the front. Nearly all the soldiers have already taken part in the great war. Reinforcements from the Caucasus will arrive on the front within a few days.

TURKISH CHILD REFUGEES.

In order to render assistance to the numerous Turkish refugee children now in Constantinople and help them to earn their living, the Relief Committee have just established a lending institution to advance credits in order to start them as street venders. The Committee also proposes to place several of the refugees as boy messengers in various public departments.

ALCOHOL PROHIBITION IN ANATOLIA

The Turkish newspapers report that the law recently passed by the Grand Parliament of Angora against the use of alcoholic drinks has given magnificent results. It is being strictly enforced. As an instance of the security of the sentences against those who disobey the law, it is said that the Tribunal of Independence at Rastamouni recently condemned a man who was carrying a bottle of dousico (country wine) to a customer's house, to five years' hard labour with a fine of Ltqs. 100 (at present rate Rs. 350).

MOPLAH RIOTING.

A FURTHER BATCH OF PRISONERS.

(ASSOCIATED PRESS.)
PALGHAT, Oct. 13.

Since Friday five special trains of troops passed Olavakot to the disturbed area conveying pacted wireless set, Burmese Battalion Mule Battery and Pioneers and Ford vans. A batch of 20 Moplah prisoners from Mannarghat were brought here yesterday afternoon in two buses under a strong military escort. The leader of the gang is one, Karium pana Moidini Haji. He is the Khilafat Treasurer in the locality and the Lieutenant to Thonikara Ayenna. Many rebels are laying arms and are kept under patrol.

The latest news is that the rebels have resolved in a meeting at Melatur not to show fight but to arm themselves each with a measure of beaten rice and devise some means of escape.

CALICUT D, M'S COMMUNIQUE

(ASSOCIATED PRESS.)
CALICUT, Oct. 14.

The District Magistrate has issued the following communique:—

Kundotty Sub-Inspector reports that on the 13th instant about 50 rebels destroyed the Monpambalom Moosads temple in Morayur Amshom about 22 miles from Calicut.

MR. DEODHAR'S VIEWS ON MALBAR SITUATION.

(ASSOCIATED PRESS.)
MADRAS, Oct. 14.

A representative of the Associated Press interviewed Mr. Deodhar on his return from Malabar. His object in going there was not to enter into a detailed examination of the cuases of the outbreak but to ascertain on the spot the nature and extent of distress and relief measures to be organised. He said at general impressions which were shared by many in Malabar where that the immediate cause was the preaching of Khilafat. The Non-Co-operators who may have associated themselves with the Khilafat workers did not seem to have ever contemplated even in their wildest imagination such atrocities as are happening there which they deplore.

Dealing with the question of exaggeration or other wise of misdeeds that are reported, he could only day, that they were mainly true as nothing could be definite about them it being difficult to obtain accurate date.

As regards conversions he said that he was generally satisfied that stories regarding them were not at all untrue, though the mad crays of converting Hindus to Islam which is a passing with the poor misdirected Moplahs, could not be put into practice to the extent they wished on account of the people having fled away from the fear of conversion.

Speaking of relief he said that money was more important than workers at the present moment. He would in this connection wish people in other parts of India to whichever school of thought they may belong to come to the rescue of Malabar.

SITUATION IN MALABAR.

(ASSOCIATED PRESS.)
SIMLA, Oct. 13.

Telegrams received in the Army Headquarters from the Officer Commanding Madras District, reporting the situation in Malabar say that 500 rebels were reported to be at Chelur 5 miles North of Eddakulam. Rebels are still in the vicinity of Pukkattur. A band trying to cross the ford near Pandikkad was engaged by a patrol as also a band approaching Perintalamanna. Kunhamed Haji is reported to be at Kakkottu 4 miles East of Nilambur. Detachments of 83rd Infantry endeavoured to surround a rebel gang which was reported to be at Knippakancheri 5 miles east of Tirur but only saw small parties of rebels who fled at once.

MADRAS COUNCIL

(ASSOCIATED PRESS.)
MADRAS, Oct. 14.

At to-day's sitting of the Madras Council, when demands for supplementary grants were taken up, Mr. Ramarayaningar, moved for a grant of 5 lakhs to the Madras Corporation for the water supply and drainage scheme. Mr. Kristna Rao opposed on the ground that there were more urgent prospects such as Rural water supply, the improvement of prospects of the elementary teachers. While there was no money available for such purposes the government could not afford to make these grants. Mr. A. R. Knapp pointed out that this grant was proposed to be made from the loan of 40 lakhs from the Government of India and the Local Government were bound to grant the proposed amount to the Corporation under contract. After further debate the motion for the grant was carried by a majority.

"CHRISTIAN PUPILS' TORTURED CONFESSION."

TO THE EDITOR OF "THE CHRONICLE."

Sir,—In your issue of 29th September you gave prominence to the prosecution at the Dadar Police Court of two pupils, Marquis Dias (age 12 years) and Francis King (age 15 years) for theft and abetment of Rs. 60-6-0 from the class room of the school attached to St. Michael's Church Mahim, the complainant being Rev. Father Almeida.

The presiding Magistrate very patiently heard the evidence of all and in the course of his judgment said there was no direct evidence against the accused boys and although the alleged confession was made by the boys to the priest under torture it was not voluntary, he forthwith discharged them, adding the stricture that this is a piece of torture reminding of Middle Ages and days of Spanish Inquisition.

Now, Sir, it is a fortnight and no public protest has been made either through the press or a public meeting, and are the Christian fraternity of Bombay which is the stronghold of Catholicism so callous as not to condemn the barbarity or are they still under the guiding influence of the hierarchy whom they mortally fear. Is it not the clear duty of the police to take action against the culprit who suggested the torture and his accomplices?

In Calcutta there is the Society for the Prevention of Cruelty to Children under the indefatigable secretaryship of an Anglo-Indian, Captain Julian Clifford, whose chief function is to be present at and watch prosecutions in which juveniles are concerned and he has also been instrumental in bringing parents and guardians up before the Justices and punished severely for maltreatment to their children and wards. But in Bombay no such society exists. Instead, I am informed there is a sectarian Institution for the Protection of Children, whose objects are to prevent the public and private wrongs of children etc. It has two homes, one at Girgaum Back Road and another at Matunga and conducted under the auspices of the Church of England and Scotland missionaries.

The case in question has not ended at the Dadar Police Court, and it is now left for the Minister for Education, the Hon. Mr. Paranjpye, to call for the police records forthwith and give the matter his personal attention, seeing that those whose duty it was to bring the miscreants before the Law have neglected to do so.—Yours, etc.

MOULVI ABDUL KARIM SAHEB ARRESTED

(From a Correspondent.)
AJMER Oct. 11.

Moulvi Abdul Karim Saheb, a Sindhi student of Ajmer Khilafat college was arrested here yesterday under a warrant from Mirpurkhas. An unfortunate fracas ensued on the Sindh police disrespectfully climbing up the Durgah stairs with shoes on, to make the arrest. The public congratulated Moulvi Saheb. The Khilafat volunteers saved the police at the risk of their life some actually receiving hurts. Moulvi Saheb was arrested under sections 124a and 153a. He was sorry for injuries inflicted on the police by the infuriated mob; otherwise he received the warrant cheerfully and went to the kotwali voluntarily.

LONDON LETTER.

(Continued from previous page.)

and that is saying a great deal, for few men have devoted themselves more wholeheartedly and selflessly to an ideal. Both Mr. Chotani and Mr. Kidwai were interviewed by the "Morning Post" before leaving and expressed themselves in no unmeasured terms in the columns of that reactionary journal regarding the iniquitous policy of the Government in Asia Minor and the feeling in India about it.

Trade Union Congress and Indian Labour

The Trade Union Congress has been sitting this week in annual session at Cardiff. It cannot be said that its deliberations have been very remarkable or attended by any very substantial results. Indeed in the hands of its present leaders British Trade Unionism and Labour generally have become an amazingly anaemic force, considering the enormous possibilities of their influence. It is regrettable that the Congress refused to admit the fraternal delegates nominated by the All-India Trade Union Congress. This refusal was based on a recently adopted rule, that all fraternal delegates must come directly from the country they are to represent and be natives of that country. Mr. Saklatwala and myself, of course, did not comply with these conditions, though Mr. Saklatwala was admissible so far as the second of them is concerned. The Workers' Welfare League of India went so far as to send a deputation to the General Secretary of the Congress, Mr. Bowerman, to urge that the rule should be abrogated in the case of the delegates nominated from India, in view of their claim to speak on behalf of the Indian Labour and the difficulty in the way of Indian Trade Unionism being able to comply with the conditions laid down. Mr. Bowerman agreed to represent Mr. Saklatwala's claims to the Committee but was quite certain that my case was inadmissible. Ultimately, however, both delegates were rejected and there was thus no voice to speak to the Congress on behalf of Indian Trade Unionism. It is very unfortunate and one cannot but regard the refusal as a slight to the All-India Trade Union Congress, which should be entitled to nominate those whom it considers best fitted to represent its case, seeing that the Congress would have done itself little hurt by making an exception, for this occasion, to a rule which has only been very recently adopted. An unfortunate feature of the matter is that the Secretary of the Worker's Welfare League addressed a letter to the Parliamentary Committee of the Congress in undignified and even humiliating terms, appealing *ad misericordium* for the admission of Mr. Saklatwala. This letter was subsequently disapproved by the League in general meeting but unfortunately it had already been despatched.

The Irish crisis.

Things are nearer a very grave crisis in regard to Ireland than they have been at any time since the truce began. De Valera and his colleagues have definitely refused the British Cabinet's offer while leaving the door open for fresh negotiations on the basis of the principle of Government with the assent of the governed. The cabinet has actually met at Inverness in the North of Scotlasd to draw up the reply to this and at the moment of writing their despatch is being carried by Mr. Barton, the Irish envoy, from Inverness to Dublin. By the time this letter reaches India the terms will be known all over the world and the issue, whether or not war is to be resumed, will doubless have been decided. So it would be profitless to speculate, though I have a very shrewd idea as to what will be the outcome. I may say, however, that I was not in any way surprised at the uncompromising nature of deValera's reply. I felt convinced after my recent visit to Ireland taht no Cabinet which hoped to retain the confidence of the Irish people would dare to answer the British offer in any other terms. Correspondents of the English Press in Dublin, who endeavour to create an impression that Sinn Fein is not in earnest in its demand for a clear recognition of Irish independence and that the Sinn Fein leaders are only trying to bluff the British cabinet into offering a little more than they have done, are doing a great disservice to the cause of peace.

Mr Syud Hossain off to the U S A

One of the literary events of the forthcoming season in New York will be a series of Lectures on the Great Religions of the World, organised under the auspices of some of the foremost of the American savants, educationists and litterateurs. The lectures are to be delivered in the Town Hall of New York, and the feature distinguishing this series from the previous Congresses of religious held in the United States will be that each religion is to be treated by one belonging to it. The lecturers, besides knowing their subjects thoroughly and from the inside are required to possess a mastery of English to enable them most profitably to take part is the discussion following each lecture that will be a feature of the conference. The lectures will be delivered to a select company of seventeen hundred of the cream of American intellectuals. I understand that Mr. Syud Hossain has been invited to go and deliver the lecture on "Islam" at this Conference, and has accepted. He will sail for New York about the middle of October. Mr. Syud Hossain will utilise the occasion to go on a lecturing tour throughout the United States, speaking on India, Non-Cooperation, the Khilafat question and other Eastern topics, which will probably last for three months. He will then return to India probably by way of Japan and China.

A CASE OF CIVIL DISOBEDIENCE.

BHORE STATE MAGISTRATE'S ORDER DISOBEYED.

PROSECUTIONS LAUNCHED AGAINST MR KELKAR AND OTHERS.

(ASSOCIATED PRESS.)
POONA, Oct. 14.

The honour of inaugurating Civil Disobedience as a protest against repression perhaps falls to the lot of Bhore, a Native State in Southern Mahratta, on Wednesday and Thursday.

Mr. N. C. Kelkar, Editor of the "Kasari," Mr. Patwardhan, Editor of the "Gnanprakas," Mr. Valchand Kothare, Editor of the "Jagaruk" and Mr. Sirodkar, Editor of the "Shri Sivaji," accompanied by Messrs. Ganjal, Sethe, Jaktap and others visited Shiraval and Bhore for delivering lectures under the auspices of the Deccan Native States Reform League recently established in Poona. Messrs. Kelkar and Patwardhan being the Secretaries lectured at Shiraval and went off unobstructed as the meeting was held on just the boundary line. At Bhore no such convenient ground being available the meeting was held in the town itself, but was prohibited by the State Magistrate under the recent notification.

PROSECUTION LAUNCHED.

All negotiations for permission having failed Messrs. Kelkar, Patwardan Bhari, Gunjal and two others decided to practice Civil Disobedience as a special case and all made speeches. The prosecution has, thereupon, been instituted against them by the Chief of Bhore, the first hearing coming on the 28th instant.

NON-COOPARATION IN ANDHRA.

Mr. Konda Venkatappayya, President, Andhra Provincial Congress Committee, writes:—

The District Magistrate of Ganjam (Andra Desha) has made himself conspicuous by sending to jail two important leaders of the Non-Cooperation in the course of the last week. I have already given an account of one of them. The other gentleman convicted by the Magistrate to one year's simple imprisonment under Section 108 Cr. P. C. is Mr. D. Gopalakrishniah, M.A. (Edin). He was a professor in the Government College Rajahmandry, and afterwards in the National College Masulipatam. Finding, however, the system of education prevailing in the country not to his satisfaction he started out to establish an educational institution according to his own ideals and in consonance with his own interpretation of the Hindu Shastras and culture. For the opening of the institution he acquired some land near Chirala and was busy laying out plans for the starting of an Ashrama, when in response to the call of the Congress he plunged himself in the movement of Non-Cooperation and has since been working heart and soul for the progress of the same. He applied the principle of Non-Cooperation to the problem near at hand viz. the municipality of Chirala and Perala. Your readers are aware of the heroic fight put up by the people in respect of the Municipality thrust upon them against their will, the unjust prosecutions, the ready and willing sacrifice of the several inhabitants who have suffered imprisonment in the jail and lastly the evacuation of the village and living outside in spite of all hardships and privations. It is needless to point out that Mr. Gopalakrishniah has been their sole guide, friend and philosopher in this struggle which stands out as one of the most remarkable events in the history of Non-Cooperation in Andhra Desha.

In spite of the exacting duties which the above struggle involved, he has been finding time to go to other places as well and lecture to large audiences who have always appreciated his originality of thought and sentiment, his outspokenness and his inexhaustible humour which always illuminates his speeches. He was at Berhampore for the Andhra Conference held on 24th and 25th of last month where he delivered some speeches. On 28-9-21 he was served with a notice under Section 144 which he has since disobeyed by addressing a meeting on the next day after giving previous intimation of the same to the District Magistrate. But curiously enough, he was arrested on 1st at Berhampore Station under a warrant issued by District Magistrate "For Dissemination of Sedition." Next morning he was taken to Chicacole Road Station and was tried by the District Magistrate and sentenced to one year's simple imprisonment on refusal to give security for good behaviour.

This has removed for the present from the field of Non-Cooperation one important leader who has contributed a great deal to the progress of the movement. But as the Government cannot fail to notice the intensity of the feeling which his conviction has given rise to both among the people of Chirala and Perala as well as in other parts of the Andra Desha whose hearty congratulations I take the opportunity to convey through the columns of your paper to his family particularly to his revered grandmother, the only eldest member yet living in the family.

CORPORATORS' WARM W·

A meeting of the Municipal Corporation was held yesterday, Sir Sassoon J. David presiding.

The Corporation considered a letter from the Municipal Commissioner "regarding the existence of certain insanitary structures at Grant Road and other parts of the City and to say that the grossly insanitary hovels behind Moos Buildings have been already demolished as a result of the action taken by the Municipality. As regards other insanitary structures, only the worst cases are at present being dealt with by the Municipality."

Dr. Viegas Moos Said that the letter be recorded and that the Commissioner be requested to state which structures were in such an insanitary condition as required to be dealt with. He said there were such insanitary houses in the city that they were really death traps.

Dr. D. B. Master seconded.

The Municipal Commissioner said he had done his best in the direction suggested. If he were to compel every builder not to make use of the roads he was afraid the cost of buildings would go up considerably. The rent was already high and if he were to compel builders to put up hoardings this would be an exorbitant rise in the costs of building new structures. In some cases he charged the buliders a rent for the use of the roads.

Coming to the question of insanitary areas, he said he would be glad to furnish the necessary information if he were supplied with the necessary staff. He quite admitted there were a large number of houses in the city which could be called death traps and he would be only too glad to make an end of them. But if he was to do that some people would be put to great difficulty owing to the scarcity of housing accommodation in the city. It was better to live in these insanitary houses, than to have no houses to live in at all. Any action against such houses would be of a questionable utilty, and they would drive people to live without any houses. If he were to make a list of the insanitary houses in the city he would have to put nearly one-fourth of the houses in the city in that list. Unless the Corporation were going to take any definite action in the matter he did not see much use in supplying them with a list of the insanitary houses in the city.

Dr. Sukhia moved that the letter be recorded as such information would be useless.

Dr. S. S. Batliwalla said if the Corporation were not in a position to deal with these houses, it was no use having a report.

Dr. Viegas said he wanted to have a list in order that the Corporation might know what was the actual state of things in the city. He did not think the Commissioner would be put to much trouble in getting the information.

Dr. Jaob and others were shouting out at this time that the question should be put to vote. On putting the motion to vote, only Dr. Viegas voted in favour of it, the other members voting against it and the motion was defeated.

FOOT-PATHS.

The following letter from the Commissioner about foot-paths was recorded:—

(a) Out of a total of 178 miles of roadways in the City about 82½ miles of roads have been provided with footpaths and of these

(1) 70½ miles have footpaths on both sides, and

(2) 12½ miles on one side only.

(b) Generally speaking it is most desirable that all roads over a certain width should be provided with footpaths, but this is not immediately possible, as in a great many cases the provision of such footpaths depends on the acquisition of set-backs which cannot be expedited. The work of forming footpaths will be taken up in the order of the importance of the road. A sum of money is set apart in annual budgets for paving footpaths and it is utilized for this specific purpose.

(c) Roads over 30 feet in width should as a rule have footpaths on either side. Roads over 23 feet and under 30 feet in width may have footpaths on one side only, but each road should be considered on its own merits and the width of the footpaths regulated by the width of the road and the nature of the traffic it is likely to be called upon to bear. This point is kept in mind when schemes for new roads are being prepared or when proposals for the construction of new roads by other public bodies or private individuals are submitted for approval."

Dr. S. S. Batliwalla moved and the Corporation passed the following motion:

'That the Commissioner be requested to report on the desirability of establishing a Dental Dispensary on the same lines as the Ophthalmic Dispensary at Princess Street in connection with the Municipal Charitable Dispensaries."

TAX ON VACANT LANDS

The Corporation then considered the report of the Committee regarding the question of levying a tax on vacant lands based on the value of the land as eligible building sites."

The report stated: "By their Resolution Corporation had requested the Com- ioner to report whether it is desirable a view to distributing the General among the owners of real property and with the proposed new system of assessment appears to him to be inexpedient and expresses an opinion that although the proposal is theoretically justifiable, yet having regard to practical difficulties and the fact that within a few years almost all the suitable vacant lands in the City will have been built upon it is unnecessary to proceed with it at the present moment."

The majority agreed with the Commissioner's opinion.

Mr. B. R. B. Jijibhoy moved that the letter be recorded.

Mr. V. A. Dabholker seconded.

SPECULATION.

Dr. Viegas said the Committee had taken up an entirely wrong attitude on this question. Lands were purposely kept vacant with a view to selling them at high prices.

Mr. Cowasji Jehangir asked what had led the Committee to come to a wrong decision in the matter? The question was a most important one and the Committee had not taken any evidence or expert advice. He wanted the question to be thoroughly discussed and not to be led by the Commissioner's report. The Corporation would learn something if they took outside advice in the matter. He knew there was a great deal of speculation in land and the question must therefore be investigated fully. He moved an amendment accordingly.

Mr. R. D. Hughes seconded.

Mr. M. C. Javle said the landlords in the "D" ward were paying taxes without any benefits and it would be unfair to them to levy a tax on their lands.

Mr. H. P. Mody said he had signed the report because the Commissioner had promised to bring a measure before them to levy a tax on transfer of property. He moved an amendment that that sentence of the Commissioner's letter should be included in the report, which should then be recorded.

Dr. S. S. Batliwalla seconded

Dr. Sukhia said while owners in the "D" ward got no benefits for the taxes they paid to the Corporation their land had increased in value and they were much benefitted by that.

Mr. V. A. Dabholker said if the lands at Mahim had increased in value it was due to a general increase in land values as lands even in such an insanitary lane as Cowasji Patel Lane had also gone up.

FATTENING LANDLORDISM

Dr. Viegas said the landlords were a favoured few and they were getting fat at the expense of the whole community.

Mr. Cowasji Jehangir said the Corporation could not bind itself to any principle without investigation. The principle of taxing land values was a new one and it was a science and therefore the Committee must reconsider the report.

The Commissioner said the report ought to be adopted. He wanted to get as much money as he could, but they would not get much out of this tax. Instead, if they taxed the property which was transferred, in the city, they could get a large income. In 1920 even if they had levied a tax of one per cent. on transfer of property they might have got between 19 and 23 lakhs of rupees, as the value of the transferred property was about Rs. 19 crores. In 1915 it was 2 crores; 1916, 3 crores; 1917 4 crores; 1918, 5 crores; 1919, 7½ crores; 1920, 19 crores and in 1921 even up to the present it was as high as last year's figure.

Mr. J. A. Wadia said taxation on vacant land was a diminishing income whereas on properties it was a growing income. He advocated the latter.

Mr. P. C. Sethna wanted the report to be recorded, as the Commissioner was going to bring forward new proposals.

Mr. B. R. B. Jijibhoy said it was time for Dr. Viegas to cease talking nonsense.

The original motion was then passed, the amendments being thrown out.

The Corporation then adjourned to Thursday next.

MR. "PUSSYFOOT" IN CALCUTTA.

BENGAL EXCISE COMMISSIONER'S LETTER.

(ASSOCIATED PRESS.)

CALCUTTA, Oct. 13.

At a public meeting addressed by Mr. Pussyfoot Johnson this evening, Professor S. C. Mukherjee, M.L.C., President, read an interesting letter from the Excise commissioner to show how the Government are earnestly trying to minimise and keep in check the drink and drug habit in Bengal. In accordance with the wishes of the council, with effect from the 1st instant the retail selling prices of intoxicants in the presidency and the duty on country liquor in Calcutta and surrounding mill areas have been increased. The number of opium and excise shops have also been curtailed there being a total reduction of 173 shops. The letter further says that the Hon. Minister is favourably inclined towards local option and a committee would very likely be formed in January or February next to investigate the question. Along with this, the question of increasing the powers and changing the constitution of the Excise Licensing Board of Calcutta and formation of similar licensing boards for other important cities in the presidency would also be considered.

Mr. Johnson will leave to-morrow for Darjeeling.

MALEGAON RIOT CASE.

STATMENTS OF ACCUSED.

MAHOMED LALMAHOMED.

I have not committed the offence. I am quite innocent. I was not at Malegaon on the day of the riot. I had gone out of Malegaon before that day. I was at Nasik on 25th April. I have sent a postcard to my brother from Nasik that day. After the day I went to Dhulia and thence also I sent a letter to my brother on 27th April. I was a postman at Malegaon. I had to resign my post when I got ill. I took part in the Khilafat after my resignation and worked for the Fund. I had gone to Bassein to attend the Maharastra Prantic Parishad I used to attend the waz. I used to give all possible help to the Khilafat as I believe that it is the duty of every Mahomedan to help it. As I have little poetical genius I have made poems regarding the Khilafat. I had incurred the displeasure of the late Sub-Inspector and other policemen because I used to take prominent part in the Khilafat after I had resigned Government service. From the statement of Rao Bahadur Rokje it is evident that the late Sub-Inspector had made note against me in his confidential record. Police officers like Rao Bahadur Rokje and other policemen did not like that a man, once in Government service, should, soon after leaving it, take part in a public movement distasteful to them. They have therefore tried to prepare evidence against me. It is remarkable that most of the witnesses who have given evidence against me are police constables. They have given evidence against me because I was in Government service and took prominent part in the Khilafat soon after leaving it (service). The false and fabricated evidence that the telegraphic wires were cut at my advice has been prepared by them with a view of ingeniously using the fact of my once being in postal service and consequently having connection with the Telegraphic Department. I am a pupil of the Madressa Bait-ul-Ulum and am connected with that institution. This institution has stopped receiving Government grant. Witness Amirseth is connected with Anjuman Hidayat-e-Islam. He was requested to renounce the Government grant of his institution also, but he refused to do so. Ameershet has therefore become inimical towards the Madressa Bait-ul-Ulum and those who are connected with it. He has given evidence against me for the reasons stated above and also that I am connected with the Khilafat and the Fund movements. Witness Abdul Hamid also has given evidence against me for the same reasons. Moreover he and I are on inimical terms on account of a debt. Witnesses Digambar and Ganpat Gavde and others have given false evidence against me because they are the friends of Abdul Hamid and Ameershet who have induced them to do so. Lalbakar is the servant of Abdul Hamid. He has also given false evidence against me at their instance and on account of an enmity arising from debts. In short all the witnesses have given evidence against me are false. The police and those who were against the Khilafat and the Fund have prepared false evidence and have implicated me in this case because I took part in the Khilafat after resigning service. Really speaking this case is not a political one, but the officials have tried to show it in that light. It is generally believed that the prosecution evidence in political cases is not properly weighed and the accused do not consequently get justice. Whether the belief is true or false and the case is considered political or not, I strongly hope that the Court will carefully weigh the prosecution evidence and do justice in my case. I hope that I shall not be required to undergo sentence although I have not committed any offence, and am not in the least guilty I pray to God that He may give you mind to do justice,

PRESIDENT IMDAD-UL-FUND.

I am the President of the Imdad-ul-Islam Fund at Malegaon and the Head Master of the Madresa Bait-ul-Ulum. There is an institution at Malegaon called Anjuman Hiday Islam. There is an enmity between the members of the Anjuman and those of the Bait-ul-Ulum. The Anjuman people bitterly hate the Bait-ul-Ulum people. Ammenud'n Mohamed Hamidshet, Ghafurshet, Bakridi Sirdar and Lallushet belong to the Anjuman party. They are all against the movement of Khilafat. They dislike the Imdad-ul-Islam Fund and are against it also. They have several times complained against the Fund to the Police and the officials but without success. They all bitterly hate me because I am the President of the Imdad Fund and Head Master of the Madresa They have taken advantage of this riot and have prepared false and fabricated evidence against me for bringing me into trouble. The approver Ismail is the son of Lallushet and Ismail's sister is the wife of Ghafurshet. Chandmiya is the member of the Baithak of Ghafurshet and is against the Fund. He belongs to the Anjuman party and is a "puppet in the hands of Ghafurshet and Hamidshet." They have prepared this false evidence against me with the help of this man. I deliver waz (religious sermon) at Malegaon. I do not preach anything in my waz except the commandments of *Kitada-wa-Rasul*. This has been admitted by the prosecution witness Ghulammiya in his statement.

I did not go to Malegaon on the day of the riot. I am an inhabitant of Sangameshwar. I was laid up with fever on the day of the riot and the two succeeding days. I heard about the riot at nine in my house. I did not at it all attend the Durbar as stated by the prosecution witnesses. Neither do I know anything of it. All the evidence about it is false and fabricated

TATYA KHARE.

I have not committed the offence. On the day of the offence i.e., on 25th April, 1921, I was not present at the time and places of any of the offences. As I am the President of the Malegaon Taluka Congress Committee I was called by the District Deputy Collector of Malegaon Division to his bungalow in March last. It was then decided to publish a manifesto indicating dislike for the objectionable things that took place in the Khilafat meetings at Malegaon. The signatures of those who approved of it (manifesto) were obtained on it and it was published on 1st April 1921. Then the copies of the manifesto were distributed in the town considerable misapprehensions about the eleven men who had signed it, arose in the minds of the townsmen and as it was thought that those men had joined the Government party remarks to that effect were made in meetings. For this reason I did not attend any of the subsequent meetings and behaved myself according to the last terms of the manifesto.

On 25th April 1921, of the cases against the volunteers were decided and the accused were sentenced to pay a fine of Rs. 50 each in default to undergo simple imprisonment for one month. The people thought that this was due to the manifesto published by the eleven men and at about 5 p.m., it was heard in our lane that they (people) were searching for them (11 men) in order to beat them. I therefore, shut myself in my house.

At the time of lighting the lamps Doctor's compunder Rajaram Puntambekar (one of the prosecution witnesses) came to me and said "Rao Saheb Ghalsas, the maltadar, and Mr. Thakar the Resident Magistrate have gone to the Dispensary in a very frightened state of mind. You are called by them to the Dispensary. I thought they were in some danger and therefore left my house after dusk by the back lane and went to the dispensary by the bank of the river outside the town. They asked me how the riot about which they had heard in the town could be quelled. I said "It can possibly be quelled by releasing the volunteers." They then said, "See if you can suggest any other remedy but this." I said, "As my life is in danger it is not possible to do any other thing." I was in the Dispensary for about half an hour. As soon as I returned up to the gate I saw a bright light. At that I was frightened and returned home with great difficulty by the same way by which I had gone to the Dispensary. I lay whole of the night in my house. After day-break I saw that Mr. Vaishampayan, the Head Karkun, had returned home. I went to him, told him about the meeting with the Mamledar and returned. I did not go out of my house upto Wednesday.

As Imdad Fund was intended for the Islam it was not of public interest. I did not do anything for this Fund. Two Police constables (Namdev and Rama Parashram) have deposed in the Committing Magistrate's Court that they had identified me by face near the Motor Stand. As they do not know me and my name they could not have possibly told anything about me to the investigating officer.

Hearing of the riot case began in the Magistrates Court on 10th June 1921; on Sunday, the 12th June 1921, at 10 p.m., a messenger from Rao Bahadur told me that I was wanted by him. I went there and was immediately arrested. I was never out of Malegaon from the date of offence to the date of my arrest.

From the evidence mentioned above I think that the Police had not sufficient evidence for my arrest. I am implicated in this offence because it is believed that the Congress and the Khilafat do not cooperate with each other.

When these two witnesses were cross-examined in this Court Namdev, one of them, has admitted that before their examination in the Tofakhana they got themselves acquainted with my face while I was taking my dinner.

In this Court Lala Bakar has taken me to the night Durbar and Moulvi Hamid to the evening Durbar in order to fill up the gaps in the evidence. Lala Bakar had not given my name to the Police. These witnesses are giving their evidence against me because they are against the present movement. The approver Ismail has made me sit in the Press-building before the temple was set on fire while I was actually in the Dispensary at that time. But I did not at all go to the Press.

FOR PRINCES AND RICH MEN ONLY
THE
Royal Yakuti

This Yakuti or life giving nectar has been prepared from the best, choicest and richest vegetable drugs. It has wonderful properties of increasing virile power and it rectifies urinary disorders. In fact it makes man a man. This valuable medicine is used in large quantities not only by our Rajas, Maharajas, Nawabs and many of the nobility, aristocracy and gentry in this country; but it is greatly patronized by people in all countries of Europe, America, Asia and Africa. It is needless to expatiate upon the magical qualities of this our invaluable medicine. We recommend it especially to those persons who desire to tone the nervous system to strengthen the body, refresh the memory and to guard against debility. Suffice it to say that the use of this medicine is recommended to those who have any faith in the Ayurvedic medicines. It works like a charm and the effect is lasting. It replaces lost power and it juvenates the emaciated and it is enough to say that weak is not that which a perfumer admires. It is that which diffuses fragrance of its own accord. Price per tin containing 25 pills. Rupees two only. Dr. KALIDAS MOHANLAL—RAJKOT (Kathiawar), (India).

Influenza and After

Many people have learnt, to their cost, that the after-effects of influenza may be worse than the complaint itself.

Kidney disease is one ill-effect that sometimes leads to months of pain and misery. As happens during colds and fevers, the delicate kidney mechanism is strained in attempting to cope with the unusual accumulation of poisons in the blood. Care of the kidneys during their strain would prevent a breakdown, but such care is rarely exercised. It is this neglect that leads to inflammation of the kidneys and the bladder, urinary troubles, impure blood, gravel, renal-dropsy, rheumatism, stone, sciatica, lumbago and backache.

Doan's Backache Kidney Pills succeed in relieving these kidney symptoms. Don't be discouraged by past neglect; though early treatment is best, further serious development may yet be prevented. This special kidney remedy wins successes even in advanced and chronic kidney and bladder complaints. There is scarcely a country to-day, many thousands of towns and women who owe good health to the use of Doan's Pills.

Doan's Backache Kidney Pills are Rs. 2 per box, c.f. Rs. 10-8; obtainable from all

OPTIMISM

as a philosophy is of value to the People who cultivate it. Those who have a way of looking on the bright side of things—of seeking for the best in life are indeed happy in themselves and a delight to their fellows. Their influence is stimulating and invigorating; their presence tends to the promotion of geniality and goodwill. It is however, well to remember that a sane optimistic outlook may be clouded by indifferent health. The state of the digestive organization, for example, frequently exercises a depressing influence upon the mind, and the outlook is affected accordingly. Dyspeptic conditions bring dark days—days of gloom and frequently of despondency. On the other hand a healthy appetite facilitates the discovery of an open horizon and a brighter view. The importance of maintaining the tone of the digestive system is generally recognised, and it should be universally known that one of the best medicinal aids towards this end is Beecham's Pills. Depression and despondency in so far as they are caused by disordered digestion, may be speedily dispelled by using

NAWABS AND NONENTITIES.

TACTICS OF NASIK OFFICIALS.

HON MR. PARANJPYE TO BLESS THEM?

(From our Special Correspondent.)

NASIK, Oct. 13.

Since the Nasik conspiracy case, political life as such has been dormant. Occasionally however there has been a little stir on the placid surface of things but at best it was superficial and its effect almost *nil*. But latterly the town has shown signs of recovery from its long spell of stupefaction and inertia—intellectual as well as physical. New life has been put into the dry bones of the valley and the town is literally throbbing with a fresh and revivified pulsation, and the new gospel of non-co-operation has its adherents, both avowed and silent, particularly among the intelligentsia, many of whom were singled out by Government for special treatment at the time of the Nasik conspiracy case and the Jackson Murder, case and who are now in a state of convalescence after their protracted political paralysis. They are now not merely holding one or two meetings a week but they have done something more solid and enduring. They have brought about the very happy and a close understanding between Hindus and Mussalmans, and roused the consciousness of the masses as a political factor. The local bureaucracy, accustomed to regard itself as the *ma bap* of the district, and used to sedulous flattery that turns even the heads of angels, let alone poor mortals in flesh and blood, looked upon this new awakening at first with platonic indifference in the pious hope that it would soon die of inanition and when that hope proved vain, they have begun to betray a spirit of hostility and pursued a policy of pinpricks, which would hurt but leave no external marks. It is obvious that the officials headed by the now too well known Mr. Simcox are tired of playing their old game. They are changing their tactics and adopting a more aggressive method by establishing a permanent league" for a sevenfold object, but in reality to follow methods, which in other parts of the country have already led to disastrous results.

The idea, I understand, originated in the fertile brain of Mr. Simcox sometime ago, Mr. Simcox called a private conference of half a dozen men or to in his own office to consider steps to be taken to countteract the Non-Co-operation movement and also to stifle the newly awakened mass consciousness in the district of the few non-officials invited to this semi demi official confabulation, some gratefully declined the honour; others less bold excused themselves on one ground or another, and, finally, it seems, when the conference took place of Mr. Simcox his subordinates and a few of his henchmen, it was resolved to call a meeting —mind you, not a public meeting, such a thing the *ma baps* dare not think of! to inaugurate ostentatiously "a permanent League." We are not particular as to how it is going to be Christened finally but we may take it that things are getting ripe for a definite piece of civilian strategy against non-violent non-co-operation. A printed circular has been issued and circulated among select persons and it is stated that a meeting is to be called "under the Presidency of A. H. A. Simcox, Equire, I.C.S., Collector of Nasik," on the 22nd October on the High School playground (!) for establishing a League, whose objects would be—

1. To explain to the public the disastrous results of non-co-operation movement;
2. To try by legal measures to gain self-government within the British Empire.
3. To spread education among all castes and creeds.
4. To communicate to the district authorities our grievances and get them redressed;
5. To remove the misunderstanding between the officials and the ryot;
6. To instruct the public to make complete use of the present reforms scheme.
7. *In short* to elevate *our* condition by peaceful means."

Now, the italics in the above are mine. Apart from the bad draftsmanship, it is really interesting to know that there is a bond of common and identical interest among the signatories who belong to three groups—the district authorities, their underlings, and their henchmen. On scanning the list of signatories, I was pleased to observe that the *ma baps* and their ill-requieted karkuns and title-holders and retired officials and non-descripts find themselves on a common platform "to elevate" their own condition "by peaceful means."

I am not sure whether by implication it follows that this heterogeneous fraternity of non-entities and Nabobs was hitherto elevating its condition by other than peaceful means. It is after all a matter of opinion, and I shall not emphasize it. The President of the Municipality, who has prevented the municipal councillors from discussing and passing if they choose, a vote of censure against him, is a leading figure in this new movement, which they consider, is to be as manna to the parching souls of the Nasik public. And the Hon. Mr. Paranjpye, it is stated, has already written to Mr. Oka that he will be happy to attend the inaugural ceremony and give it his benediction! But one would like to know whether he is doing so, at the expense of the tax-payer or his own. At any rate, Mr. Paranjpye is sure to find Nasik climate an agreeable change to that of Poona.

Now to come to the signatories one is amazed to find on top of official names the name of "Mr. S. J. Murphy, District Judge." Surely, if there was any name which one least expected to find among the names of a hopelessly narrow and partisan clique it was that of Mr. Murphy. He is the Session Judge. I dare say as a Sessions Judge, knowing the responsibilities as well as the privileges of his position, Mr. Murphy ought to know that he might any day be called upon to try non-co-operators and other politically-minded persons sympathising with N.C.O. And who will after this unblushing identification of Mr. Murphy with a political clique, believe in his disinterestedness as a Judge? Surely, if the N.C.O.'s have lost faith in British Justice, in British Courts and British Judges, Mr. Murphy's attitude serves as fresh reminder to them that they have good cause to do so. I had hoped Mr. Murphy would realise how incompatible with his official position it would be for him to identify himself with the new movement, nd outwardly at least try to preserve the ignity of his position. The more so, as have been informed, he had earlier eclined to take part in the work of the District Famine Committee on the ground that as a judicial officer it was not proper, for him to do so. It is in the fitness of things, it seems, that the Public Prosecutor, Mr. R. A. Sathe, who is at the bottom f the list between Mr. Murphy and Mr. Sathe should figure the names of variety and multitude of officials ranging from the Assistant Collector, and Conservator of Forests down to the poor neglected hospital and veterinary assistants, or Collector's Karkuns! I hope these poor officials will find that their condition is thereby not only nominally elevated but really also. Leaving the galaxy of official signatories alone, we have to consider who or what the other signatories are. Some are merchants—but these are not more than dozen and are either Honorary Magistrates without title or title-hunters. Some are women belonging to the American Mission and a couple of School Masters serving in the local missionary school are there too. The retired officials have suddenly discovered that they are among non-officials while of the half a dozen pleaders or so, are the Public Prosecutor and his assistants and such others who are generally favoured with briefs on behalf of the Police. Only last night, I was told an interesting tory of how some briefless lawyers managed to get on in these days. They are only to have it brought to the notice of the Collector or the D.S.P. that they are not non-co-operators but are among the "loyal section," and sure as night follows day olice briefs come to them and public money flows into their pockets! Some of the signatories have withdrawn their signatures on the ground that the position was misrepresented to them,—and those who are familiar with the ways of subordinate officials will not be surprised at such misrepresentation. Lic... ...sees too have signed, and well they may, without which they are not likely to enlist official sympathy on their side to put down or discredit picketting and the anti-drink campaign. I trust this brief description will give the readers some idea of what the local officials are up to and how they propose—to elevate our condition by peaceful means."

THE VERY BEST ACTOR IN THE MOVIES.
BROWNIE
HERO OF MANY A CENTURY COMEDIES AND OTHER POPULAR FILM PLAYS

Brownie is the best actor in the movies. But, unlike the majority of the gelatine stars who think they are the best actors, Brownie does not admit it.

There is no occasion to regard with suspicion anything that is set forth here. For Brownie does not talk about himself or his art. He has too much sense, for one thing.

And being a dog is another. But that does not make him any the less an artist.

It is universally conceded that animal actors surpass human actors on the silver screen. If the art of acting is the art of being natural, there is no occasion to dilate on this point any further. And as Brownie is universally conceded to be the best of all animal actors working before the camera, it is self-evident that he is the best actor in the movies.

Probably you have seen him many times in different films, for he has appeared in several, even starred in a few. And probably you have been amazed at his "stunts," which are quite as numerous as those of Douglas Fairbanks or even Charlie Chaplin. For taking a bottle of milk out of an ice box and feeding a baby with it, as he does in "The Tale of a Dog" is quite as "human" as washing a baby's face and putting the child to bed as he does in "Pals."

It would require a lengthy chapter to set forth all the screen accomplishments of this super-intelligent dog. Besides, any one can see them in the theatre during this week. So, like every other movie star, a story about him simmers down to a description of his "personality." how he broke into the motion picture game, his salary, and how he spends his leisure time.

Right at the outset you must know that Brownie is the highest paid canine actor in the world. He earns $300 a week from the company which makes the Century Comedies in which he appears. But of course, his owner collects it for him. That is the tragedy of animal actors—they don't get the big money they really earn. However, Brownie is not paying alimony to two or three former wives, so he is really exceptionally well off, although he doesn't know it.

Like most super-intelligent dogs he is a mongrel His father was a bulldog and his mother a fox terrier—or vice versa. It doesn't matter. Being without a really does... ...te of his birth is not known, pedigree, the da... ...years old before long—but he will be six ... if not sooner.

It goes without saying that he is handsome—nearly all male vamps are. And from the fact that his tail wags constantly he may be put down as a gay dog, despite the fact that he leads a dog's life.

The story of Brownie's debut in the movies narrowly escapes the tragic. It was on a foggy October morning three years ago, that one of the directors of Century Comedies was driving his car in the suburbs of Los Angeles, the city of the unburied dead, when he was hailed by the lone occupant of a flivver who was creeping in the opposite direction.

As luck would have it—and it was a lucky meeting for Brownie,—the movie director happened to be looking for a "pad dog." A "pad dog," you probably don't know, is a dog that will grab the seat of a man's trousers for comedy effect, the said seat being well protected by a good thick pad to, prevent disastrous complications. Few comedy films are made without at least one attack on the seat of the star's pants—pardon trousers—so "pad dogs" are in pretty general use in the vicinity of Los Angeles.

The movie director was struck by the intelligence of the quivering animal's face. In fact, it was almost a case of love at first sight. He offered to give Brownie a home. In less time than it takes to write it (and it doesn't take much time), the Los Angeles pound was disappointed and the movie colony gained a new recruit. For as soon as his new owner got him to the studio he set about to make an actor of him.

Now, as everybody knows, very few motion picture actors receive any kind of training. If they happen to be "the type" wanted at the moment they are put through the paces by a loud-mouthed director and then "shot," the shooting on these occasions being more painful for the future film audiences than for the actors.

But Brownie was given a real studio training. He was taught to do all the tricks of a studio hound, such as biting the seat of actors' trousers without even tearing said trousers, and as he was a bright "mutt" he learned with surprising ease and rapidity. He never forgot a single trick that was taught him, and what is more remarkable he actually devised new tricks himself.

Now, the main difference between a stage dog and one that qualifies for stellar honors in the movies is this. The stage-trained dog has only to learn a few stunts and repeat them daily, week in and week out, perhaps for years, whereas the canine movie actor has to learn new stunts for every picture in which he appears. In the case of Brownie, it means new stunts at least every five or six weeks. From which it will be seen that a high degree of intelligence is absolutely necessary.

Like many gelatine stars, Brownie is temperamental, and when working with other dogs he often shows his jealousy. He will hug the "close-ups" every chance he gets. But naturally he has redeeming qualities. He has great affection for children and small dogs, and he will go to the aid of a helpless one if it is being pounced on by a bigger dog. However, this is merely his natural canine instinct, and he does not deserve any particular credit for it.

That he understands the word "camera" means to begin acting, and "cut" to cease acting, is not surprising. But that he has been around the studios for nearly two years and bitten only one person is really remarkable. For there are a lot of people in the Los Angeles studios who ought to be bitten. Brownie, however, has never taken a dislike to any one except a Chinese actor named Chi-Hong. Chi Hong hurt his feelings in some way, with the result that Brownie not only took away the seat of his trousers but a good sized hunk of his Celestial flesh.

Brownie lives with his owner in Hollywood and rides to the studio every day in a motor, as befits his exalted position in the film world.

INDIAN FISCAL COMMISSION.

LIST OF QUESTIONS.

The following is a list of questions for witnesses for giving written evidence for the Indian Fiscal Commission.

EXPLANATORY NOTE.

The following questions have been framed with a view to indicating the main aspects of the enquiry to be undertaken by the Fiscal Commission, so far as the President and those Members of the Commission whom he has been able to consult can at present judge of them. Sections A. and B. are intended to cover the general problems which will arise for consideration in determining the future direction of fiscal policy and in deciding whether India should adopt a policy of Imperial Preference. The remaining sections contain questions designed to elicit not only the opinions but the definite experience of those engaged in the various branches of industry and commerce. In the case of answers to these questions the Commission will naturally attach special importance to conclusions resting on a solid foundation of facts and figures.

2. It is not intended that those who are engaged in industry and commerce should confine themselves to the special sections dealing with their particular business. On the contrary, there are many questions in Sections A. and B. which require for their adequate consideration an intimate acquaintance with business conditions, and it is hoped that those who have such special knowledge will give the Commission the benefit of their general views on the important and difficult problems that arise.

3. As explained above, the questions are designed to cover the whole field of the enquiry, so far as it can be outlined at this stage. It is not therefore expected that each witness should attempt to answer all the questions. If a witness wishes to give his views on any point relevant to the enquiry which have not been included in the questionnaire, it would be convenient that such points should be dealt with in a supplementary statement.

4. The Commission is inviting either directly or through Local Governments various associations and individuals to forward in writing their replies to the questionaire. The Commission will also be glad to receive replies from any associations or individuals not so invited who may wish to represent their views. Copies of the questionnaire can be obtained from the Secretary, Indian Fiscal Commission, Simla, on application.

5. The Commission assembles in the first half of November and the early receipt of written replies to the questions would greatly facilitate its work. After perusal of the replies the Commission will select certain witnesses for oral examination. To give adequate time for this, it is requested that replies may be despatched so as to arrive at least three weeks before the date on which the witness is likely to be examined. The provincial programme of the tour of the Commission indicating the approximate dates on which oral evidence will be taken at each centre is as follows:—

PROGRAMME OF TOUR.

Assemble Bombay early in November. 1921. No evidence will be taken at Bombay at this time.
Departure Bombay 24th November.
Arrive Karachi 26th November.
Departure Karachi 2nd December.
Arrive Lahore 3rd December.
Departure Lahore 9th December.
Arrive Delhi 10th December, Delhi evidence will be taken at this time and not in March.
Departure Delhi 15th December, Delhi evidence will be taken at this time and not in March.
Arrive Cawnpore 16th December.
Departure Cawnpore 21st December.
Reassmble Calcutta 5th January, 1922.
Departure Calcutta 20th January.
Arrive Rangoon 23rd January.
Departure Rangoon 27th January.
Arrive Madras 30th January.
Departure Madras 7th February.
Reassemble Bombay 20th February.
Departure Bombay 6th March.
Arrive Delhi 8th March.

6. Replies and all communications should be addressed to the Secretary, Indian Fiscal Commission, Simla, up to the 31st October, 1921. Thereafter they should be addressed to the Secretary, Indian Fiscal Commission, Camp, without the addition of the name of any post town.

QUESTIONS FOR WITNESSES.

A.—GENERAL.

The existing Indian import tariff is based primarily on revenue considerations. But it has been modified with a view to admitting free or at the favourable rate of 2½ per cent. articles the cheap import of which was considered desirable in the interests of the country. Thus certain raw materials. manures, agricultural implements, dairy appliances and cotton yarn are admitted free. Machinery, iron and steel and railway plant and rolling stock pay only 2½ per cent. *ad valorem*. The general rate, under which come the bulk of imports, is 11 per cent. *ad valorem*, while certain articles such as motor cars, jewellery and silk goods have been specially subjected from revenue considerations to a duty of 20 per cent. Sugar is charged at a special rate of 15 per cent. and high duties are imposed for revenue purposes on tobacco and liquors. An excise duty at the rate of 3½ per cent. is levied on all woven cotton goods manufactured in power mills in British India.

Export duties imposed for revenue purposes are at present levied on raw and manufactured jute, rice and tea. In 1919 an export duty was also imposed on raw hides and skins, with a rebate of 2/3 of the duty on hides and skins exported to any part of the Empire. The object of the duty was party to foster the Indian tanning industry and partly to maintain a key industry within the Empire.

A REVENUE TARIFF.

1. Do you generally favour a policy of free trade or protection? If the former, have you any objection to the imposition of customs duties for the purpose of obtaining revenue?

2. Do you consider that a tariff provides a more or a less suitable form of taxation for India than direct taxation? If fresh taxation were necessary would you prefer an increase in customs to an increase in direct taxation?

3. If you accept the principle of imposing a tariff for revenue purposes would you suggest any change in the list of articles taxed or in the rate of taxation?

4. Do you consider that the tariff should continue to be based on existing principles? If so, please explan your views as to the advantages of this policy.

5. What effect do you consider the existing tariff policy has had on Indian industries in the past, and what effects on Indian industries would you anticipate from a continuance of this policy in the future?

6. When a duty is imposed on an article imported from abroad do you approve in theory or in practice of imposing an excise duty on the same article manufactured in India?

7. If you favour the imposition of excise duties is it on the ground that no protection of any kind should be afforded to the home manufacturer as against the foreign manufacturer?

8. Can such duties be imposed without raising the price to the consumer?

A PROTECTIVE TARIFF.

9. Do you consider that the tariff should be framed primarily with the object of fostering Indian industries? If so, please explain the advantages anticipated.

10. Do you look forward to Isdia becoming in time independent of ther countries in regard to all her requirements of manufactured goods, or do you consider that there are certain manufactured goods for which she is always likely to be dependent on other countries? If you hold the latter view can you furnish a list of articles for which India will have to depend on other countries?

11. Would you, for the purpose of developing Indian industries, favour the imposition of protective duties on all imported manufactures or only on some?

12. If you favour the protection of some industries only, which would you select for protection and on what principles?

13. Do you consider it desirable to establish new industries by protection? If so, on what principles would you select them?

14. Would you confine protection to industries which are likely after a period to be able to face foreign competition without such assistance, or would you contemplate the establishment of industries which would be likely to require continuous assistance?

15. Would you grant special protection against foreign goods favoured by such measures as dumping, bounties, subsidies or transport concessions? If so, what means would you suggest for ascertaining the exact facts and what measures would you advocate to afford the necessary protection?

16. What is your attitude towards hand industries and in particular towards the cotton handloom industry? Do you wish them to be maintained or not?

17. Is there any danger in India of protection leading to combination among the protected manufactures in order to maintain a quasi-monopoly price? If so, what safeguards would you suggest to counteract the effect of such a combination?

18. Do you think that, if a protective policy is adopted, it is likely that British or foreign industrial firms will endeavour to establish themselves in India in order to get the benefit of the protective tariff? If so, what would be your attitude towards such a movement?

19. In countries under a protective system it sometimes happens that producers of raw material ask for protection, while manufacturers who use the raw material oppose them, wishing to get their raw material as cheaply as possible. In the same way a demand of the spinning industry for protection is sometimes opposed by the weaving industry whose interest lies in cheap yarn. Do you think that conflicts of interest of this nature would be likely to arise in India and that if they did arise there would be any difficulty in adjusting them?

20. When an import duty is imposed, do you consider that ordinarly the whole or any part of it is passed on to the consumer in a rise of price?

21. If a protective duty causes a rise in price, is that rise likely to be permanent or not?

22. Would you be willing to accept an increase in price to the Indian consumer for the sake of developing Indian industries?

23. In considering the above question would you have regard to the point whether the protected article was a necessary of life? If so, what articles would you class as necessaries?

24. If you hold that an increase in the tariff rates would tend to increase the cost of living in India do you think the increased cost would be covered wholly or in part by a rise in woges or salary for.

(a) the industrial wage earner,
(b) the agricultural wage earner,
(c) the middle classes.

25. What effect do you consider a policy of protection would have on the foreign trade of India and on the general commercial position and prospects of the country?

26. Do you consider that the existence a tariff which could be used as an instrument for bargaining with other countries would be advantageous to India?

27. If so, would you recommend the adoption of general and special tariffs, the special being applied to countries from which India receives favourable treatment?

INDIAN FISCAL COMMISSION.

(Continued from previous page.)

28. If the tariff is to be used in this way, would it be necessary to make it more detailed than it is at present?

29. If a policy of protection were adopted would you recommend any kind of permanent organization for investigating the claims of various industries to protection from time to time and for the periodical readjustment of tariff rates.

30. What is your view of the proper function of export duties? Do you think that they should be imposed only for the purpose of raising revenue or do you think that they may be utilised for other purposes also?

31. What do you consider generally is the effect of export duties on the export trade? Can they in certain circumstances be imposed without injury to the trade? If so, in the case of what trades in India could this be done and to what extent.

32. Would you consider it advisable to impose an export duty on a raw material in order to encourage its retention in India either for purposes of manufacture or for any other purpose? If so, please examine instances in which you would recommend such action and consider whether it would have any effect on the producers of the raw material and the amount they would produce.

33. Do you consider that it would be of advantage to India to impose an export duty on foodstuffs with a view to controlling their export and thereby lowering Indian prices and the cost of living? What effect do you consider such action would be likely to have on the agricultural interests and on the quantity of foodstuffs produced in India?

34. Would you consider it advisable to impose an export duty on a raw material in retaliation for an import duty imposed by a foreign country on the manufactured article? If so,, please examine cases in which you would recommend such action.

At present reduced duties are levied by Canada, Australia, South Africa and New Zealand on a number of articles imported from the United Kingdom. In Canada, Australia and New Zealand the preferential duties are usually about 2/3 of the full duty, though the fraction varies considerably both above and below this figure. The South African preference is a small one and is usually only a rebate of 3 per cent. *ad valorem*.

The United Kingdom has recently established preferential rates which are granted to the whole Empire on nearly all articles on which import duties are levied in the United Kingdom. The preferential rate is as a rule either 5/6 or 2/3 of the full rate.

A number of the smaller colonies grant preferential rates to the United Kingdom, and there are also various agreements between different parts of the Empire for mutual preference.

The countries which at present levy a lower rate of duty on certain goods imported from India as compared with the general duty levied on imports from foreign countries are the United Kingdom, Canada and New Zealand.

The articles of interest to India on which such lower duties are levied in the United Kingdom are tea, coffee and tobacco. These are all charged 5/6 of the full rate. In the case of Canada the only Indian imports of any account are tea, jute cloth and raw hides. There is no duty on raw hides or jute cloth. On Indian tea the rate is 7 cents per lb. as against the rate of 10 cents on tea imported from countries outside the Empire. New Zealand imports from India a small quantity of tea which pays 3d. per lb. as against the rate of 5d. charged on tea imported from outside the Empire, and small quantity of candles which are charged 1½d. per lb. instead of 2½d. Other imports from India into New Zealand are for the most part either free or receive no special treatment.

35. Are you on general grounds favourable to the idea of Imperial Preference? If so, do you think that India would be justified in risking any appreciable economic loss for the sake of Imperial Preference?

36. Would you differentiate between the policy to be adopted towards the United Kingdom and towards other parts of the Empire?

37. Do you anticipate any material loss or gain to India from a system of Imperial Preference? In particular, do you apprehend any likelihood of retaliation by foreign countries against India?

38. If you are in favour of preference, can you give a list of articles imported into India and exported from India to which the policy of preference might be applied? What would you consider a reasonable average rate of preference?

39 What principles would you apply in selecting articles to which preference might be given on import into India? Would you give preference in the case of goods which India hopes in time to manufacture mainly or entirely for herself, or only in the case of goods for which India is likely to have to depend on other countries

40. If preference were given by raising the import duties on goods coming from foreign countries, the existing rates being maintained for British goods, do you anticipate that this would raise the price to the consumer or not?

41. Do you think that a system of Imperial Preference is likely to increase or diminish the total volume of Indian imports or exports, or to alter appreciably the proportion between them and thus affect the balance of trade?

42. Do you consider that the partial or complete diversion of trade from foreign countries which might result from Imperial Preference would have any effect on India's general trade position?

MANUFACTURES.

43. Are you interested in any industry and if so in what capacity?

44. Do you consider that there are natural advantages for the industry in India? If so, please enumerate them.

45. Do you consider that the industry is essential to the national security or of substantial importance to the economic prosperity of India?

46 What is the state of organization and equipment of the industry in India as compared with that in other countries?

47. On what markets does the industry depend for the sale of its output?

48. What foreign competition (including for this purpose competition from the United Kingdom or other parts of the Empire) does the industry have to meet—

(a) in the Indian market;

(b) elsewhere?

Does this competition extend to all or only to particular classes of goods, and does it vary with different classes of goods?

49. Apart from questions of organization and equipment are there any special circumstances, natural or artificial, which give the competing country an advantage

50. Do you think that the industry needs protection? If so, what rate of duty do you consider it is necessary to impose? Please give in detail the facts and figures on which you base your conclusions.

51. Do you think it likely that if protection is granted, the industry will eventually reach a level of development which would enable it to face foreign competition without the aid of protection, or do you think the industry will always remain to a greater or less degree in need of protection?

52. Does the industry ever suffer from dumping? If so, do you wish to suggest any remedy?

53. Is competition from other countries accentuated by depressed exchanges in those countries?

54. If so, is this phenomenon likely to be temporary?

55. Do you consider that any remedy is required? If so, what would you suggest?

56. Has the industry received any benefit from the successive enhancements of the tariff beginning in 1916? Can you describe the effects, so far as yet apparent?

57. Do you think the industry has suffered in any way from export duties? If so, please give in detail the facts and figures from which this conclusion is drawn.

58. Is the finished product of the industry used as the raw material for any other industry? If so, to that extent?

59. Does the industry use as its raw material the finished product of any other industry which is established or is likely to be established in India?

60 Would you prefer a system under which all industries would receive a more or less uniform protection, or one under which industries receive varying amounts of protection in accordance with their needs?

EXPORT TRADE.

N.B.—These questions are intended not only for actual exporters, but also for those who produce for export.

61. What articles do you export and to what countries?

62. Are you interested in any of the articles on which export duties are levied? If so, what do you consider has been the effect of these duties?

63. Do you recommend the increase, reduction or abolition of any of the existing export duties?

64. Is the Indian export trade in any way hampered by high import duties imposed in certain countries If so, do you consider any action feasible or desirable?

65. Do you think the export of any articles in which you deal would be stimulated by a preferential rate granted by the United Kingdom or any of the Dominions or Colonies? If so, what would you consider the minimum rate of preference for each article which would exercise an appreciable effect?

66. Do you consider that the lower duties at present levied on certain imports from India into the United Kingdom or Canada or New Zealand, as compared with the general duty levied on imports from countries outside the Empire, have had or are likely to have any beneficial effects on the Indian trade in those articles?

67. Do you think that any foreign country whose trade might suffer by a system of Imperial Preference would be able without injury to itself, or would be likely even at the cost of injury to itself, to penalise the Indian export trade to that country? If so, what are the Indian exports that might suffer?

68. If owing to a system of Imperial Preference the imports from certain foreign countries diminished, do you consider that this would tend to have any effect on the volume of Indian exports to those countries?

69. If so, would there be an alternative outlet for these exports, without economic disadvantage, within the British Empire or in other foreign countries?

E.—IMPORT TRADE.

70. What articles do you import and from what countries?

71. Have you observed any effects on your trade in particular articles from the year 1916 up to date, which can be ascribed in part or in whole to the changes in the rates of import duty?

72. Do you consider that an appreciable increase in the present tariff rates would seriously diminish the volume of imports? Can you give instances of any important commodities in which such a result is likely to occur?

73. What would you expect to be the effect on the import trade of a preference given to British goods:—

(a) if the prefernce were given by maintaining the existing rate for foreign goods and reducing it for British goods:

(b) if the preference were given by maintaining the existing rate for British goods and enhancing it for foreign goods; and

(c) if the preference were given by a combination of (a) and (b), i.e., raising the rate for foreign goods and reducing it for British goods?

74. If Imperial Preference were introduced would you recommend that the same preference on the same goods should be granted to all constituents parts of the Empire, or would you treat each part of the Empire separately, taking into account the question of what reciprocal benefits India would receive?

75. Do you think it likely that a system of Imperial Preference would diminish or increase the total import of any class of goods, or woud it merely tend to alter the proportion in which that total is derived from foreign and British contries?

76. Would any undesirable results follow from diverting the source of Indian imports from foreign to British countries?

77. If you are favourable to Imperial Preference, to what articles would you be prepared to extend a preference if imported from the Empire or particular parts of the Empire, and what would you suggest as the amount of that preference?

78. Do you approve of the system of *ad valorem* customs duties, or would you prefer that the duty should be specific, i.e., a fixed charge for a given weight or measure? If you prefer the latter system, what are your views on the necessity of readjusting the duties from time to time?

RETAIL TRADE.

79. What are the principal imported goods in which you deal?

80. To what extent can changes in the retail prices of imported goods from 1916 onwards be attributed to the increases in the import duties during that period? Can you give details of any such changes in retail prices with which you are familiar?

81. In the case of any important classes of imports can you give any figures showing to what extent demand diminishes as prices rise?

82. Have the increases in the tariff since 1916 affected your trade in any way?

83. What would you expect to be the cost on your trade if imports from the United Kingdom or from the whole Empire were taxed at existing rates, while the duty on imports from foreign countries was raised?
